Barnes And Noble New Orleans:

The Inevitable City Scott Cowen, Betsy Seifter, 2014-06-10 After seven years of service as the president of Tulane University Scott Cowen watched the devastation of his beloved New Orleans at the hands of Hurricane Katrina When federal state and city officials couldn't find their way to decisive action Cowen known for his gutsy leadership quickly partnered with a coalition of civic business and nonprofit leaders looking to work around the old institutions to revitalize and transform New Orleans This team led the charge to restore equilibrium and eventually to rebuild For the past nine years Cowen has continued this work helping to bring the city of New Orleans back from the brink The Inevitable City presents 10 principles that changed the game for this city and if adopted can alter the curve for any business endeavor community and perhaps even a nation This is the story of the resurgence and reinvention of one of America's greatest cities Ordinary citizens empowered to actively rescue their own city after politicians and government officials failed them have succeeded in rebuilding their world Cowen was at the leading edge of those who articulated shaped and implemented a vision of transformative change that has yielded surprising social progress and economic growth a drowned city identified with the shocking images of devastation and breakdown has transformed itself into a mecca of growth opportunity and hope
