

The image shows the front facade of a Barnes & Noble Booksellers store. The building features a large, arched sign with the text "BARNES & NOBLE" in white, with the ampersand in gold, and "BOOKSELLERS" in white below it. The sign is mounted on a brown horizontal-slatted background. The entrance is centered, with a set of double glass doors flanked by large windows. The building has a brick base and white columns on either side of the entrance. The sky is blue with some light clouds. In the foreground, there is a concrete sidewalk with yellow-painted curb markings.

*24-Hour Cities* Hugh F. Kelly, 2016-07-15 Winner of the Gold Award in the Tenth Annual Robert Bruss Real Estate Book Competition *24 Hour Cities* is the very first full length book about America's cities that never sleep Over the last fifty years the nation's top live work play cities have proven themselves more than just vibrant urban environments for the elite They are attracting a cross section of the population from across the U S and are preferred destinations for immigrants of all income strata This is creating a virtuous circle wherein economic growth enhances property values stronger real estate markets sustain more reliable tax bases and solid municipal revenues pay for better services that further attract businesses and talented individuals Yet just a generation ago cities like New York Boston Washington San Francisco and Miami were broke financially and physically scarred by violence and prime examples of urban dysfunction How did the turnaround happen And why are other cities still stuck with the hollow downtowns and sprawling suburbs that make for a 9 to 5 urban configuration Hugh Kelly's cross disciplinary research identifies the ingredients of success and the recipe that puts them together

Books in the Digital Age John B. Thompson, 2013-10-21 The book publishing industry is going through a period of profound and turbulent change brought about in part by the digital revolution What is the role of the book in an age preoccupied with computers and the internet How has the book publishing industry been transformed by the economic and technological upheavals of recent years and how is it likely to change in the future This is the first major study of the book publishing industry in Britain and the United States for more than two decades Thompson focuses on academic and higher education publishing and analyses the evolution of these sectors from 1980 to the present He shows that each sector is characterized by its own distinctive logic or dynamic of change and that by reconstructing this logic we can understand the problems challenges and opportunities faced by publishing firms today He also shows that the digital revolution has had and continues to have a profound impact on the book publishing business although the real impact of this revolution has little to do with the ebook scenarios imagined by many commentators *Books in the Digital Age* will become a standard work on the publishing industry at the beginning of the 21st century It will be of great interest to students taking courses in the sociology of culture media and cultural studies and publishing It will also be of great value to professionals in the publishing industry educators and policy makers and to anyone interested in books and their future
