Touching Enlightenment (Volume 1 of 2) (EasyRead Super Large 24pt Edition) , Touching Enlightenment (Volume 1 of 2) (EasyRead Super Large 20pt Edition) , Touching Enlightenment Reginald A. Ray, 2014 What does it mean to meditate with the body Until you answer this question explains Reggie Ray meditation may be no more than a mental gymnastic something you can practice for years without fruitful results In Touching Enlightenment the esteemed author of six books on Buddhist history and practice guides you back to the original practice of the Buddha a systematic process that results in a profound awareness in your body rather than in your head Combining the scholarship that has earned him international renown with original insights from his many years practicing and teaching Reggie Ray invites you to explore what it means to be at one with who we are in every respect including our physical being our emotions and the totality of our karmic situation Shambhala Sun ,2004 *Tricycle* ,2002 *Good Karma How To Find It And Keep It* Joan Oliver (Duncan.),2006 *Reverse Meditation* Andrew Holecek,2023-07-11 Disruptive practices to revolutionize your relationship with meditation and fully engage with the full breadth of your experience Why do we meditate The main reason most modern people start meditating is because it helps us feel better reducing anxiety improving sleep decluttering the mind and so forth But where does your meditation go when things go bad asks Andrew Holecek Where is your spirituality when rock meets bone as they say in Tibet when the crap hits the fan *Reverse Meditation* is for anyone who wants to bring the challenges of life onto the path of awakening When things get hard it s time to turn your practice on its head and throw out any assumption that meditation exists to insulate you from the confusion difficulties and uncertainty of life By putting your meditation into reverse Holecek teaches you ll actually find yourself going forward Step into your pain and you can step up your evolution With his signature blend of depth and accessibility Holecek invites you to explore Three core forms of meditation mindfulness open awareness and the boundary smashing reverse meditations How to know when you re ready to engage with reverse meditation On the spot practices for snapping into a meditative mindset in difficult situations Contraction and expansion how to dismantle habits of avoidance to become more open resilient and fully alive How reverse meditation opens you to a direct experience of the fundamental perfection of reality just as it is These unique meditations are designed to reverse our relationship to unwanted experiences which means going directly into them instead of avoiding them says Andrew Holecek It s not an easy journey yet this path leads to the discovery of unconditional happiness basic goodness and true freedom in the most turbulent situations Field of Blessings Ji Hyang Padma,2021-03-26 Ji Hyang Padma believes that we are hungry for a direct experience of the sacred in this culture We try to fill the void with technology and its quick fix of images and information This leaves us hungry for true connectivity We don t need more information We need more appreciation Gratitude opens the heart and gives our life meaning it becomes a form of spiritual experience that gives us strength Field of Blessings explores how meaning making can be approached by deep examination of the stories of our lives which bridge the

gap between the inner world and the outer world giving shape to our experience How can these narratives be spoken written or embodied Ritual is the story brought to life and a powerful vehicle for spiritual transformation for reconnecting people with an embodied wholeness Ji Hyang Padma shows that Chod Medicine Buddha practices and other Tibetan rituals are used by healers to evoke sacred energies radical empathy and to contact deep archetypal realms of the psyche *Books Out Loud*, 2007
