

The background of the entire page is a high-contrast, close-up photograph of several Timken bearings. In the upper left, a bearing is shown from a side-on perspective, revealing its inner ring, outer ring, and the arrangement of balls. Below it, another bearing is shown from a similar angle. In the lower half of the image, two larger bearings are shown from a top-down perspective, highlighting their smooth, polished surfaces and the precision of their manufacturing. The lighting creates strong highlights and shadows, emphasizing the metallic texture and geometric forms of the components.
