Bone Remains Cold Cases In Forensic Anthropology:

Bone Remains Mary H. Manhein, 2013-09-09 Over the past thirty years forensic anthropologist Mary H Manhein has helped authorities to identify hundreds of deceased persons throughout Louisiana and beyond In *Bone Remains* she offers details of twenty riveting cases from her files many of them involving facial reconstructions where only bones offered clues to an individual s story Manhein takes readers into the field inside her lab and through DNA databases and government bureaucracies as she and her team tirelessly work to identify and seek justice for those who can no longer speak for themselves From a two thousand year old mummy to Civil War sailors to graves disturbed by Hurricane Isaac Manhein presents both modern and historic cases Her conversational accounts provide a fascinating look into the stories behind the headlines as well as sometimes heart wrenching details of people lost and found Manhein shows how each case came to her team how they used scientific analysis to unravel the secrets the bones had to tell and how facial reconstructions and a special database for missing and unidentified people assisted in closing cold cases long believed to be unsolvable She also discusses several mysteries that still elude her further reflecting the determination and passion central to Manhein s career for over three decades

Trail of Bones Mary H. Manhein, 2005-09-01 A fellow of the American Academy of Forensic Sciences and an expert on the human skeleton Mary H Manhein assists law enforcement officials across the country in identifying bodies and solving criminal cases In *Trail of Bones* her much anticipated sequel to *The Bone Lady* Manhein reveals the everyday realities of forensic anthropology Going beyond the stereotypes portrayed on television this real life crime scene investigator unveils a gritty exhausting exacting alternately rewarding and frustrating world where teamwork supersedes individual heroics and some cases unfortunately remain unsolved A natural storyteller Manhein provides gripping accounts of dozens of cases from her twenty four year career Some of them are famous She describes her involvement in the hunt for two serial killers who simultaneously terrorized the Baton Rouge Louisiana region for years her efforts to recover the remains of the seven astronauts killed in the Columbia space shuttle crash in 2003 and her ultimately successful struggle to identify the beheaded toddler known for years as Precious Doe Less well known but equally compelling are cases involving the remains of a Korean War soldier buried for more than forty years and the mystery of Mardi Gras Man who was wearing a string of plastic beads when his body was discovered Manhein describes how the increased popularity of tattoos has aided her work and how forensic science has labored to expose frauds including a fake big foot track she examined from Louisiana s Kisatchie National Forest She also shares ambitious plans to create a database of biological and DNA profiles of all of the state s missing and unidentified persons Possessing both compassion and tenacity Mary Manhein has an extraordinary gift for telling a life story through bones *Trail of Bones* takes readers on an entertaining and educating walk in the shoes of this remarkable scientist who has dedicated her life to providing justice for those no longer able to speak for themselves

The Bone Lady Mary H. Manhein, 2000-07-01 When a skeleton is all that s left to tell the story of a crime Mary H Manhein

otherwise known as the bone lady is called in For almost two decades Manhein has used her expertise in forensic pathology to help law enforcement agents locally nationally and internationally solve their most perplexing mysteries She shares the extraordinary details of the often high profile cases on which she works and the science underlying her analyses Here are Civil War skeletons cases of alleged voodoo and witchcraft crimes of political intrigue and the before and after of facial reconstruction Written with the compassion and humor of a born storyteller The Bone Lady is an unforgettable glimpse into the lab where one scientist works to reveal the human stories behind the remains **Bone Remains** Mary H.
