A Night In Acadie (1897), by Kate Chopin (Penguin Classics) Kate Chopin, 2016-05-17 Kate Chopin was an American novelist and short story writer best known for her startling 1899 novel *The Awakening*. Born in St Louis she moved to New Orleans after marrying Oscar Chopin in 1870. Less than a decade later Oscar's cotton business fell on hard times and they moved to his family's plantation in the Natchitoches Parish of northwestern Louisiana. Oscar died in 1882 and Kate was suddenly a young widow with six children. She turned to writing and published her first poem in 1889. *The Awakening* considered Chopin's masterpiece was subject to harsh criticism at the time for its frank approach to sexual themes. It was rediscovered in the 1960s and has since become a standard of American literature appreciated for its sophistication and artistry. Chopin's short stories of Cajun and Creole life are collected in *Bayou Folk* 1894 and *A Night in Acadie* 1897 and include *Desiree's Baby*, *The Story of an Hour* and *The Storm*. For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world. With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators.

Penguin Classics Penguin (Firm), 2001

Awakenings Bernard Koloski, 2009-12-01 One of the most often repeated anecdotes about the direction of literary studies over the past three decades concerns a graduate student who complained of reading Kate Chopin's *The Awakening* in three classes and Herman Melville's *Moby Dick* in none. But Chopin has not always been featured in the literary curriculum. Though she achieved national success in her lifetime 1850-1904 as a writer of Louisiana local color fiction after her death her work fell into obscurity until 1969 when Norwegian literary scholar Per Seyersted published *The Complete Works of Kate Chopin* and sparked a remarkable American literary revival. Chopin soon became a major presence in the canon and today every college textbook surveying American literature contains a Chopin short story her novel *The Awakening* or an excerpt from it. In this unique work twelve prominent Chopin scholars reflect on their parts in the Kate

Chopin revival and its impact on their careers A generation ago against powerful odds many of them staked their reputations on the belief now fully validated that Chopin is one of America's essential writers These scholars energetically sponsored Chopin's works in the 1970s and 1980s and encouraged reading studying and teaching Chopin They wrote books and articles about her gave talks about her offered interviews to newspapers and magazines taught her works in their classes and urged their colleagues to do the same helping to build a network of teachers students editors journalists librarians and others who continue to promote Chopin's work Throughout these essays stress several elements vital to the revival's success Timing proved critical as the rise of the women's movement and the emergence of new sexual norms in the 1960s helped set an ideal context for Chopin in the United States and abroad in the 1970s and 1980s Seyersted's biography of Chopin and his accurate texts of her entire oeuvre allowed scholars to quickly publish their analyses of her work Popular media including Redbook New York Times and PBS took notice of Chopin and advanced her work outside the scholarly realm But in the final analysis as the contributors point out Kate Chopin's irresistible writing itself made her revival possible Highly personal at times amusing and always thought provoking these revealing recollections and new critical insights offer a fascinating firsthand account of a decisive moment in American literary history
