Bonaventure Mystic Of Gods Word Selected Spiritual Writings:

Divine Remaking Douglas Dales, 2017-06-29 Douglas Dales's *Divine Remaking* marks the 800th anniversary of the birth of St Bonaventure in 1217. Bonaventure distilled and transformed a rich inheritance of patristic and medieval exegesis of the Bible developed within the monastic tradition and in the university schools in Paris, Oxford and elsewhere. While teaching in Paris and then leading the Franciscans as their Minister General, Bonaventure wrote a substantial commentary on the Gospel of St Luke. This commentary is an eminent example of how his understanding of the Bible lay at the root of all that he taught and wrote. Bonaventure's writing style reflects the beauty and ornate detail of contemporaneous works of art, stained glass, carvings in cathedrals and illuminated manuscripts. His writings like the art of his day are superb expressions of Christian theology and vision. Bonaventure had a formidable memory and his capacity to draw from across the whole Latin Bible is extraordinary, instructive and enriching. His well-ordered mind was balanced, however, by a finely tuned spiritual and pastoral intuition which makes his approach to the Gospels applicable and relevant to the reader of today. *Divine Remaking* is a bridge into Bonaventure's thought; it allows his insight into St Luke's Gospel to be understood by anyone seeking the divine truth in today's world.

Way Back To God Douglas Dales, 2019-12-31 Bonaventure was a great pastor and preacher and also a very effective teacher. His writing shows clarity and conviction and his authority arose from his profound grasp of Scripture and patristic monastic tradition. The force behind how he wrote sprang from his keen sense of the significance of Francis and Clare and all that flowed from them, not least into his own spiritual life and experience as a person of deep contemplative and mystical prayer. *Way Back to God* is a comprehensive conspectus and study of how Bonaventure taught Christian theology and applied it to spiritual life. It is intended to be a guide through most of his writings, though not as a substitute for reading them. It provides a bridge into his thought and also a remarkable hand book of Christian theology in its bearing upon spiritual life. Douglas Dales' new work enables Bonaventure's distinctive spiritual theology to be seen as a whole, as well as making his writings in Latin or English accessible and attractive.

Truth and Reality Douglas Dales, 2021-01-28 This is a thorough study and exposition of the last work for which St Bonaventure was responsible before his death in 1274. The *Collations on the Hexaemeron*, also called *The Illuminations of the Church*, comprises lectures that he gave in Paris in 1273 to Franciscan and other students and masters in the university there. They were recorded by two independent witnesses and one version, the definitive one, was prepared for publication and approved by Bonaventure. This is one of the most interesting original and important texts of medieval theology and it has been well translated and edited in a new edition. The purpose of this study is to examine the precise context for the approach that Bonaventure took to place this work as the culmination of his spiritual theology and to provide the reader with a lucid epitome of the contents of the text, drawing out their significance for theology and prayer in the life of the Church.

Franciscans at Prayer Timothy J. Johnson, 2007 Surveying the broad panorama of medieval Franciscans at prayer, this book offers a nuanced perspective on Franciscan beliefs and spiritual

practices that underscores the depth and breath of their mutual passion for the divine and the world they shared

Franciscan Prayer Ilia Delio, 2022-03-08 Masterfully written and intensely enlightening *Franciscan Prayer* could very well be considered the essential handbook for all those seeking to pray and live the Franciscan way With exquisite execution Franciscan theologian Ilia Delio clearly outlines what it means to pray as a Franciscan Through her experience as a discalced Carmelite nun and then her transformation into Franciscan scholar Sister Delio brings to light the contemplative cosmic and evangelizing aspects of Franciscan prayer Everyone says Delio seems to know about Francis life his miracles his devotion to evangelization and his dedication to living a simple and humble life yet few know about his prayer life which seemed over the centuries to get lost in the paper shuffle between theologians followers and historical biographers It is through Clare of Assisi Delio asserts that we have insights into the Franciscan path of prayer Clare provides the road map of prayer for evangelical life she was able to do this because she lived under monastic rule while ardently desiring evangelical life Through Clare's letters and actions we find the rudiments of Franciscan prayer Gaze Consider Contemplate Imitate Delio also uses the insights of Saint Bonaventure as well as Saint Francis to fully show the meaning and purpose of prayer in the Franciscan tradition *Bonaventure* Zachary Hayes, 1999 The life ideas and selected writings of one of the greatest mystical philosophers of all time St Bonaventure 1221-1274 is known as the Seraphic Doctor in honor of one of the basic qualities of his teaching the purest love He left us with a treasury of classic writings of philosophical mysticism that explored the ascent of our minds and souls to God *Journal of Early Christian Studies*, 1999 Focus is on the study of Christianity in the context of late ancient societies and religions from C E 100-700 *Choice*, 1998 *Italian Literature Before 1900 in English Translation* Robin Healey, 2011-01-01 *Italian Literature before 1900 in English Translation* provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Niccolò Machiavelli and Giovanni Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's *Twentieth Century Italian Literature in English Translation* this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature Pub desc **Bonaventure** Saint Bonaventure (Cardinal), Timothy J.
