Bonhoeffer A Theology Of Sociality:

Bonhoeffer Clifford J. Green, 1999 Rev ed of The sociality of Christ and humanity Being Human, Becoming Human Brian Gregor, Jens Zimmermann, 2012-05-31 What does it mean to be human The German theologian Dietrich Bonhoeffer thought deeply about this questions out of a desire to understand the importance of Christ and the incarnation for modern culture His conviction that Christ died for a new humanity is at the core of his theological anthropology This collection assembles a distinguished and international group of scholars to examine Bonhoeffer s understanding of human sociality From the introduction of his dissertation *Sanctorum Communio* where he notes the social intention of all the basic Christian concepts to his final writings in prison where he describes Christian faith as being for others the theme of human sociality runs throughout Bonhoeffer s works This volume examines Bonhoeffer s rich resources for thinking about what it means to be human to be the church to be a disciple and to be ethically responsible in our contemporary world *Being Human* *Becoming Human* is vital reading for Bonhoeffer scholars as well as for those invested in theological debates regarding the social nature of human beings **Sanctorum Communio: A Theological Study of the Sociology of the Church.** Dietrich Bonhoeffer, 1998 Dietrich Bonhoeffer was an important theologian biblical interpreter pastor ecumenist and leader in the Confessing Church in Germany during the Nazi period His writings and the example of his life continue to speak to people from many backgrounds Here for the first time in English is *Sanctorum Communio* in its entirety including all material omitted from the original 1930 German publication Bonhoeffer s doctoral dissertation sets out the theology of sociality that informed all his work engaging social philosophy and sociology to interpret the church as Christ existing as church community Here are the roots of his commitment to the Confessing Church and the ecumenical movement and of his actions in the resistance movement for the sake of peace and Germany s future **Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics** Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer s theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer s theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer s work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer s time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer s

theology can make **Bonhoeffer's Theology of the Cross** J.I. de Keijzer, 2019-10-14 Back cover Engaging Bonhoeffer's dialogues with Barth and Heidegger in Act and Being J I de Keijzer shows how Bonhoeffer both in his critical assessment of Barth's dialectic and his appropriation of Heidegger's ontology articulates a contemporary theological crucis that proves to be deeply influenced by Luther **The Sociality of Christ and Humanity** Clifford J. Green, 1976 **Human Subjectivity 'in Christ' in Dietrich Bonhoeffer's Theology** Jacob Phillips, 2019-09-19 Jacob Phillips presents a critical study of a neglected aspect of Dietrich Bonhoeffer's theology his writing on human subjectivity self reflection and individual identity in Christ In response to the rise of chronic self representation through digital technology Phillips argues that Bonhoeffer presents a radical challenge maintaining that from the perspective of Christian theology there is something deeply negative about beholding representations of oneself Bonhoeffer instead holds that discipleship means adopting a posture of radical agnosticism toward one's own identity Phillips focuses on the interrelation of simplicity and reflection in theological cognition and ethical deliberation showing a wider significance in contemporary theological anthropology soteriology and ethics By following the tradition of reading Bonhoeffer in relation to the philosophical sources such as W stenberg Janz Whitson Floyd Marsh Zimmermann Gregor Phillips highlights the ways in which Bonhoeffer's work relates to modern debates in epistemology and ethics generally and that of Wilhelm Dilthey and hermeneutical phenomenology in particular This volume offers a detailed theological analysis of the themes of self identity human subjectivity and self understanding which are highly pertinent for contemporary society **Dietrich Bonhoeffer's Christian Humanism** Jens Zimmermann, 2019-06-13 Jens Zimmermann locates Bonhoeffer within the Christian humanist tradition extending back to patristic theology He begins by explaining Bonhoeffer's own use of the term humanism and Christian humanism and considering how his criticism of liberal Protestant theology prevents him from articulating his own theology rhetorically as a Christian humanism He then provides an in depth portrayal of Bonhoeffer's theological anthropology and establishes that Bonhoeffer's Christology and attendant anthropology closely resemble patristic teaching The volume also considers Bonhoeffer's mature anthropology focusing in particular on the Christian self It introduces the hermeneutic quality of Bonhoeffer's theology as a further important feature of his Christian humanism In contrast to secular and religious fundamentalisms Bonhoeffer offers a hermeneutic understanding of truth as participation in the Christ event that makes interpretation central to human knowing Having established the hermeneutical structure of his theology and his personalist configuration of reality Zimmermann outlines Bonhoeffer's ethics as Christformation Building on the hermeneutic theology and participatory ethics of the previous chapters he then shows how a major part of Bonhoeffer's life and theology namely his dedication to the Bible as God's word is also consistent with his Christian humanism Bonhoeffer's New Beginning Andrew D. DeCort, 2018-09-15 Bonhoeffer's New Beginning investigates the ethics of making new beginnings after devastating moral rupture The work argues that new beginnings must be made in order to sustain the fundamental convictions that it is good to exist and that life in the world

with others should be loved without exclusion Bonhoeffer's ethics of new beginning is set in conversation with the thought of four moral philosophers Friedrich Nietzsche Hannah Arendt Jonathan Glover and Jonathan Lear DeCort argues that Bonhoeffer's ethics of new beginning opens and energizes a more promising world affirming moral vision with radical hope for new beginnings vis vis the perceived absence of God in the face of devastation Being and Action Coram Deo Koert Verhagen, 2021-09-09 Koert Verhagen not only provides the first in depth treatment of how the doctrine of justification crucially frames Bonhoeffer's approach to questions surrounding human being and action he also addresses the ethical implications of retrieving this perspective for the Church today Drawing on his early academic theology and his later ethics of discipleship Verhagen argues that Bonhoeffer's emphasis on the social implications of justification leads to an understanding of human existence that is fundamentally relational Along the way he draws Bonhoeffer's thinking on this front into conversation with Luther German idealism the Nazi Weltanschauung and contemporary Pauline scholarship With an eye to the contemporary practical value of Bonhoeffer's theology Verhagen concludes by making the case that the retrieval of justification's social implications provides a critical corrective to ecclesial responses to white supremacy
