

## **ADVANCED PLACEMENT HUMAN GEOGRAPHY**

### **UNIT 6 STUDY GUIDE: CITIES & URBAN LAND-USE PATTERNS & PROCESSES**

#### **> BIG IDEA 1: PATTERNS AND SPATIAL ORGANIZATION**

- How do physical geography and resources impact the presence and growth of cities?

#### **> BIG IDEA 2: IMPACTS AND INTERACTIONS**

- How are the attitudes, values, and balance of power of a population reflected in the built landscape?

#### **> BIG IDEA 3: SPATIAL PROCESSES AND SOCIETAL CHANGE**

- How are urban areas affected by unique economic, political, cultural, and environmental challenges?

#### **TOPIC 6.1 THE ORIGIN AND INFLUENCES OF URBANIZATION**

##### **Learning Objective**

- Explain the processes that initiate and drive urbanization and suburbanization.

##### **Essential Knowledge**

- Site and situation influence the origin, function, and growth of cities.
- Changes in transportation and communication, population growth, migration, economic development, and government policies influence urbanization.

Use your Unit 6 Notes and the following videos to help you complete the chart that below:

<https://www.youtube.com/watch?v=ENva1tPb8og>

In the chart below, describe how each of the following concepts helps drive urbanization and suburbanization.

|                      |                                                                                                                                                                             |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Communication        | Communication is easier and better accessible when the housing and businesses are closer grouped, leading too more ideas and opinions being heard on the land.              |
| Transportation       | More transportation hubs where there are large groups of people or services.                                                                                                |
| Population Growth    | More people moving into cities looking for job opportunities leading to large population growths. Urban areas also start to build upwards when there is a large population. |
| Migration            | Moving from less developed areas to larger, more developed cities has become very popular.                                                                                  |
| Economic Development | Urban areas have a lot of economic development because the land is more expensive and there are a lot of different services placed within cities.                           |
| Government Policies  | Grouping people together in urban areas show more of the political opinion and the government often benefits from these groupings.                                          |

#### **TOPIC 6.2 CITIES ACROSS THE WORLD**

##### **Learning Objective**

- Explain the processes that initiate and drive urbanization and suburbanization.

##### **Essential Knowledge**

- Megacities and metacities are distinct spatial outcomes of urbanization increasingly located in countries of the periphery and semiperiphery.
- Processes of suburbanization, sprawl, and decentralization have created new land-use forms- including edge cities, exurbs, and boomburbs – and new challenges.
