Beyond God The Father Toward A Philosophy Of Womens Liberation:

Beyond God the Father Mary Daly, 1993-06-01 Certainly one of the most promising theological statements of our time The Christian Century Not for the timid this brilliant book calls for nothing short of the overthrow of patriarchy itself The Village Voice Mariners Weather Log Richard W. Schwerdt, 1986 Mariners Weather Log contains articles news and information about marine weather events and phenomenon storms at sea weather forecasting the NWS Voluntary Observing Ship VOS Program Port Meteorological Officers PMOs cooperating ships officers and their vessels It provides meteorological information to the maritime community and contains a comprehensive chronicle on marine weather It recognizes ships officers for their efforts as voluntary weather observers and allows NWS to maintain contact with and communicate with over 10 000 shipboard observers ships officers in the merchant marine NOAA Corps Coast Guard Navy etc **Feminist**

Interpretations of Mary Daly Sarah Lucia Hoagland, Marilyn Frye, 2010-11 This open ended anthology is a journey into the very canon that Mary Daly has argued to be patriarchal and demeaning to women This volume deauthorizes the official canon of Western philosophy and disrupts a related story told by some feminists who claim that Daly s work is unworthy of re reading because it contains fatal errors The editors and contributors attempt to prove that Mary Daly is located in the Western intellectual tradition Daly may be highly critical of conventional Western epistemological and theological traditions but she nevertheless appropriates themes out of context for the building of her own systematic philosophy The following are just a few of the many themes explored in this volume the question of subjectivity understood as an ongoing process of becoming the ambiguity of the need for feminists of colonial nations to speak out about violence against women in other parts of the world while that speaking carries with it the stamp of a colonial location the territoriality of lesbian and women s space the theological dimensions of twentieth century Western philosophy Contributors are Wanda Warren Berry Purushottama Bilimoria Debra Campbell Molly Dragiewicz Frances Gray Amber L Katherine AnaLouise Keating Anne Marie Korte Mar a Lugones Geraldine Moane Sheilagh A Mogford Laurel C Schneider Renuka Sharma and Marja Suhonen **Dialogues of**

Paul Tillich Mary Ann Stenger, Ronald H. Stone, 2002 The broad impact of Paul Tillich on present day philosophical theological thoughtforms especially of Protestant Christianity continues unabated into the new century Dialogues of Paul Tillich presents Tillich s conversations with past religious thinkers basic to Tillich s thought but also carries the dialogue beyond Tillich s own formulations into conversations with current issues regarding feminism liberation theology fundamentalism world religions and Christian realism BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Re-visioning Gender in Philosophy of Religion** Dr Pamela Sue Anderson, 2013-01-28 A passion for justice and truth motivates the bold challenge of Revisioning Gender in Philosophy of Religion Unearthing the ways in which the myths of Christian patriarchy have historically inhibited and prohibited women from thinking and writing their own ideas this book lays fresh ground for re visioning the epistemic practices of philosophers Pamela Sue Anderson

seeks both to draw out the salient threads in the gendering of philosophy of religion as it has been practiced and to re vision gender for philosophy today The arguments put forth by contemporary philosophers of religion concerning human and divine attributes are epistemically located yet the motivation to recognize this locatedness has to come from a concern for justice This book presents invaluable new perspectives on the philosopher s ever increasing awareness of his or her own locatedness on the gender often unwittingly given to God the ineffability in both analytic and Continental philosophy the still critical role of reason in the field the aims of a feminist philosophy of religion the roles of beauty and justice the vision of love and reason and a gendering which opens philosophy of religion up to diversity *Freud and Jung on Religion* Michael

Palmer,2022-10-27 In this outstanding book originally published in 1997 and subsequently translated into many languages Michael Palmer presents a detailed and comparative study of the two most famous theories of religion in the history of psychology those of Freud and Jung The first part of the book analyses Freud s claim that religion is an obsessional neurosis a psychological illness fueled by sexual repression and the second part considers Jung s rejection of Freud s theory and his own assertion that it is the absence of religion not its presence which leads to neurosis Originally given as a series of lectures at Bristol University this Classic edition of *Freud and Jung on Religion* is important reading for general and specialist readers alike as it assumes no prior knowledge of the theories of Freud or Jung and is an invaluable teaching text *Beyond*

Monotheism Laurel Schneider,2007-11-13 Laurel Schneider takes the reader on a vivid journey from the origins of the logic of the One only recently dubbed monotheism through to the modern day where monotheism has increasingly failed to adequately address spiritual scientific and ethical experiences in the changing world In Part I Schneider traces a trajectory from the ancient history of monotheism and multiplicity in Greece Israel and Africa through the Constantinian valorization of the logic of the One to medieval and modern challenges to that logic in poetry and science She pursues an alternative and constructive approach in Part II a logic of multiplicity already resident in Christian traditions in which the complexity of life and the presence of God may be better articulated Part III takes up the open ended question of ethics from within that multiplicity exploring the implications of this radical and realistic new theology for the questions that lie underneath theological construction questions of belonging and nationalism of the possibility of love and of unity In this groundbreaking work of contemporary theology Schneider shows that the One is not lost in divine multiplicity and that in spite of its abstractions divine multiplicity is realistic and worldly impossible ultimately to abstract **The Names of God in Judaism,**

Christianity, and Islam Máire Byrne,2011-07-07 This book offers a welcome solution to the growing need for a common language in interfaith dialogue particularly between the three Abrahamic faiths in our modern pluralistic society The book suggests that the names given to God in the Hebrew Bible the New Testament and the Qur an could be the very foundations and building blocks for a common language between the Jewish Christian and Islamic faiths On both a formal interfaith level as well as between everyday followers of each doctrine this book facilitates a more fruitful and universal understanding and

respect of each sacred text exploring both the commonalities and differences between each theology and their individual receptions In a practical application of the methodologies of comparative theology Maire Byrne shows that the titles names and epithets given to God in the sacred texts of Judaism Christianity and Islam contribute towards similar images of God in each case and elucidates the importance of this for providing a viable starting point for interfaith dialogue **Galatians**

Nancy Bedford,2016-08-16 In this incisive commentary Nancy Bedford explores Paul s Letter to the Galatians as it addresses pressing issues in the earliest Christian churches Paul argues that it is not necessary for Gentiles to become full fledged Jews in order to follow Jesus In Jesus Christ differences among people will continue Bedford sees that equality in Christ Galatians 3 28 does not erase differences but instead breaks down hierarchical relationships among many different people and groups She considers the implications of these convictions for Christian faith today particularly for those outside of Western Christian traditions Bedford s unique theological interpretive approach to Galatians is suitable for preaching and teaching preparation and is a welcome addition to the Belief series *Feminist Thought* Rosemarie Tong,2013-10-08 In this survey of feminist theory Rosemarie Tong provides coverage of the psychoanalytic existential and postmodern schools of feminism The author guides the reader through the complexities of even the most notoriously difficult thinkers Students will meet and become familiar with many of the essential figures in the feminist tradition from Wollstonecraft and Engel on through de Beauvoir Dinnerstein and Daly and up to Mitchell and Cixous The text treats all views with respect and encourages students to think critically and sympathetically about a wide range of views that have a direct relevance to their own lives
