Arab Nationalism In The Twentieth Century From Triumph To Despair:

Arab Nationalism in the Twentieth Century A. I Dawisha, 2015 **Arab Nationalism in the Twentieth Century**

Adeed Dawisha, 2016-02-16 Like a great dynasty that falls to ruin and is eventually remembered more for its faults than its feats Arab nationalism is remembered mostly for its humiliating rout in the 1967 Six Day War for inter Arab divisions and for words and actions distinguished by their meagerness But people tend to forget the majesty that Arab nationalism once was In this elegantly narrated and richly documented book Adeed Dawisha brings this majesty to life through a sweeping historical account of its dramatic rise and fall Dawisha argues that Arab nationalism which he says was inspired by nineteenth century German Romantic nationalism really took root after World War I and not in the nineteenth century as many believe and that it blossomed only in the 1950s and 1960s under the charismatic leadership of Egypt's Gamal Abd al Nasir He traces the ideology's passage from the collapse of the Ottoman Empire through its triumphant ascendancy in the late 1950s with the unity of Egypt and Syria and with the nationalist revolution of Iraq to the mortal blow it received in the 1967 Arab defeat by Israel and its eventual eclipse Dawisha criticizes the common failure to distinguish between the broader cultural phenomenon of Arabism and the political secular desire for a united Arab state that defined Arab nationalism In recent decades competitive ideologies not least Islamic militancy have inexorably supplanted the latter he contends Dawisha who grew up in Iraq during the heyday of Arab nationalism infuses his work with rare personal insight and extraordinary historical breadth In addition to Western sources he draws on an unprecedented wealth of Arab political memoirs and studies to tell the fascinating story of one of the most colorful and significant periods of the contemporary Arab world In doing so he also gives us the means to more fully understand trends in the region today Complete with a hard hitting new and expanded section that surveys recent nationalism and events in the Middle East Arab Nationalism in the Twentieth Century tells the fascinating story of one of the most colorful and significant periods in twentieth century Middle Eastern history *Arab Nationalism in the Twentieth Century* Adeed Dawisha, 2005-04-03 Like a great dynasty that falls to ruin and is eventually remembered more for its faults than its feats Arab nationalism is remembered mostly for its humiliating rout in the 1967 Six Day War for inter Arab divisions and for words and actions distinguished by their meagerness But people tend to forget the majesty that Arab nationalism once was In this elegantly narrated and richly documented book Adeed Dawisha brings this majesty to life through a sweeping historical account of its dramatic rise and fall Dawisha argues that Arab nationalism which he says was inspired by nineteenth century German Romantic nationalism really took root after World War I and not in the nineteenth century as many believe and that it blossomed only in the 1950s and 1960s under the charismatic leadership of Egypt's Gamal Abd al Nasir He traces the ideology's passage from the collapse of the Ottoman Empire through its triumphant ascendancy in the late 1950s with the unity of Egypt and Syria and with the nationalist revolution of Iraq to the mortal blow it received in the 1967 Arab defeat by Israel and its eventual eclipse Dawisha criticizes the common failure to

distinguish between the broader cultural phenomenon of Arabism and the political secular desire for a united Arab state that defined Arab nationalism In recent decades competitive ideologies not least Islamic militancy have inexorably supplanted the latter he contends Dawisha who grew up in Iraq during the heyday of Arab nationalism infuses his work with rare personal insight and extraordinary historical breadth In addition to Western sources he draws on an unprecedented wealth of Arab political memoirs and studies to tell the fascinating story of one of the most colorful and significant periods of the contemporary Arab world In doing so he also gives us the means to more fully understand trends in the region today

The Second Partition of Palestine Subhash Singh, 2021-07-29 This book examines the factors and issues responsible for the intra Palestinian conflict that has undermined the strength and vitality of the struggle for liberation against the state of Israel It explores how the ideological incompatibility and competition for political primacy account for the Hamas Fatah conflict entailing the risk of partition of Palestine even before it takes shape as an independent sovereign entity It analyzes the developments since the signing of the September 1993 Oslo Accord and discusses themes such as the background of Palestinian politics the role of Fatah the rise of Hamas as Fatah's political rival the Hamas Fatah struggle for power and the role played by the international community including by the US and the European Union The study deals with the various facets of territorial and political challenges faced by the rival Palestinian actions the failure of the reconciliation efforts by Egypt and Yemen the stalled peace process in the West Bank and Gaza Strip the emergence of the Islamic resistance movement and secular nationalist party and the political and ideological shifts in Palestinian politics Comprehensive and topical this book will be useful to scholars and researchers of West Asian studies peace and conflict studies politics and international relations foreign policy political studies area studies and strategic and defence studies

The End of the Ottoman Empire and the Forging of the Modern Middle East Andrew Wender, Martin Bunton, 2025-02-18 In one hundred and twenty pages this book provides a compelling account of the shaping of the modern Middle East and the critical part played in that process by the Ottoman Empire even as it fell apart It offers a mine of background information for anyone wishing to understand the current scene Thirty four well chosen documents mainly culled from the archives buttress and illuminate the story Jonathan Schneer Georgia Institute of Technology author of *The Balfour Declaration The Origins of Arab Israeli Conflict*

The Other Iraq Orit Bashkin, 2008-11-20 *The Other Iraq* challenges the notion that Iraq has always been a totalitarian artificial state torn by sectarian violence Chronicling the rise of the Iraqi public sphere from 1921 to 1958 this enlightening work reveals that the Iraqi intellectual field was always more democratic and pluralistic than historians have tended to believe Orit Bashkin demonstrates how Sunni Shi'i and Kurdish intellectuals effectively created hyphenated Iraqi identities connoting pride in their individual heritages while simultaneously appropriating and integrating ideas and narratives of Arab and Iraqi nationalism Illustrating three developmental stages of Iraqi intellectual history she follows Iraqi intellectuals changing roles from agents of democracy to specialists who analyze the population to deeply entrenched

members of society committed to change Based on previously unexplored material this eye opening work has significant contemporary implications

Printing Class R. Michael Bracy,2011 This book explores the manners and challenges in which alternating constructions of national identity were articulated in the writings of Isa al Isa and his newspaper Filastin The time period under consideration will be limited to Isa s work between 1911 and 1931

The Origins of the Libyan Nation Anna Baldinetti,2014-05-12 Libya is a typical example of a colonial or external creation This book addresses the emergence and construction of nation and nationalism particularly among Libyan exiles in the Mediterranean region It charts the rise of nationalism from the colonial era and shows how it developed through an external Libyan diaspora and the influence of Arab nationalism From 1911 following the Italian occupation the first nucleus of Libyan nationalism formed through the activities of Libyan exiles Through experiences undergone during periods of exile new structures of loyalty and solidarity were formed The new and emerging social groups were largely responsible for creating the associations that ultimately led to the formation of political parties at the eve of independence Exploring the influence of colonial rule and external factors on the creation of the state and national identity this critical study not only provides a clear outline of how Libya was shaped through its borders and boundaries but also underlines the strong influence that Eastern Arab nationalism had on Libyan nationalism An important contribution to history of Libya and nationalism this work will be of interest to all scholars of African and Middle Eastern history

Teachers as State-Builders Hilary Falb Kalisman,2022-09-20 The little known history of public school teachers across the Arab world and how they wielded an unlikely influence over the modern Middle East Today it is hard to imagine a time and place when public school teachers were considered among the elite strata of society But in the lands controlled by the Ottomans and then by the British in the early and mid twentieth century teachers were key players in government and leading formulators of ideologies Drawing on archival research and oral histories Teachers as State Builders brings to light educators outsized role in shaping the politics of the modern Middle East Hilary Falb Kalisman tells the story of the few young Arab men and fewer young Arab women who were lucky enough to teach public school in the territories that became Iraq Jordan and Palestine Israel Crossing Ottoman provincial and later Mandate and national borders for work and study these educators were advantageously positioned to assume mid and even high level administrative positions in multiple government bureaucracies All told over one third of the prime ministers who served in Iraq from the 1950s through the 1960s and in Jordan from the 1940s through the early 1970s were former public school teachers a trend that changed only when independence occupation and mass education degraded the status of teaching The first history of education across Britain s Middle Eastern Mandates this transnational study reframes our understanding of the profession of teaching the connections between public education and nationalism and the fluid politics of the interwar Middle East

Genocide Culture Kaziwa Salih,2024-10-15 This book considers different stages of Kurdish history oppression and genocide through a critical lens offering an historiography of Iraq and colonialism Divided into two parts the

first part conceptualizes the coined term genocide culture and examines dominant Iraqi cultural practices that fostered genocide The second part contextualizes the experiences of the Kurdish community to examine the effects of cultural practices and the role of civilian actors in fueling the extermination of targeted groups Through semi structured interviews primary archival documents and nonparticipant observation the author studies the links between everyday cultural practices and microaggression in general and the nexus between the state and the general population in the implementation of macroaggression and genocide The audience will include scholars and students interested in genocide studies and the relation of both genocide and culture to histories of colonialism as well as those working in the fields of violence and cultural psychology sociology history international relations ethnic conflict and Middle Eastern studies
