Early Professional Women in Northern Europe, c. 1650-1850 Johanna Ilmakunnas, Marjatta Rahikainen, Kirsi Vainio-Korhonen, 2017-07-06 This book focuses on early examples of women who may be said to have anticipated in one way or another modern professional and or career oriented women The contributors to the book discuss women who may at least in some respect be seen as professionally ambitious unlike the great majority of working women in the past In order to improve their positions or to find better business opportunities the women discussed in this book invested in developing their qualifications and professional skills took economic or other kinds of risks or moved to other countries Socially they range from elite women to women of middle class and lower middle class origin In terms of theory the book brings fresh insights into issues that have been long discussed in the field of women s history and are also debated today However despite its focus on women the book is conceptually not so much focused on gender as it is on profession business career qualifications skills and work By applying such concepts to analyzing women s endeavours the book aims at challenging the conventional ideas about them

The Russian Empire 1450-1801 Nancy Shields Kollmann, 2017 Modern Russian identity and historical experience has been largely shaped by Russia s imperial past an empire that was founded in the early modern era and endures in large part today The Russian Empire 1450 1801 surveys how the areas that made up the empire were conquered and how they were governed It considers the Russian empire a Eurasian empire characterized by a politics of difference the rulers and their elites at the center defined the state s needs minimally with control over defense criminal law taxation and mobilization of resources and otherwise tolerated local religions languages cultures elites and institutions The center related

to communities and religions vertically according each a modicum of rights and autonomies but didn't allow horizontal connections across nobilities townsmen or other groups potentially with common interests to coalesce Thus the Russian empire was multi ethnic and multi religious Nancy Kollmann gives detailed attention to the major ethnic and religious groups and surveys the government's strategies of governance centralized bureaucracy military reform and a changed judicial system The volume pays particular attention to the dissemination of a supranational ideology of political legitimacy in a variety of media written sources and primarily public ritual painting and particularly architecture Beginning with foundational features such as geography climate demography and geopolitical situation *The Russian Empire 1450-1801* explores the empire's primarily agrarian economy serfdom towns and trade as well as the many religious groups primarily Orthodoxy Islam and Buddhism It tracks the emergence of an Imperial nobility and a national self consciousness that was by the end of the eighteenth century distinctly imperial embracing the diversity of the empire's many peoples and cultures

The Russian Fur Trade, 1550-1700 Raymond Henry Fisher, 1943 North Eurasian Trade in World History, 1660-1860 Werner Scheltjens, 2021-07-29 This book offers the first long term analysis of the protracted struggle between Britain France Prussia Russia and Sweden for economic power and political influence in the northern part of the Eurasian continent between 1660 and 1860 This book shows how their commercial diplomatic and military entanglements determined the course of Baltic trade from the late seventeenth to the mid nineteenth century provoking among other things the decline of the Dutch Republic and the partitions of Poland Lithuania The author conceptualizes the Baltic Sea as one of North Eurasia's western border basins alongside the White

Black and Caspian Seas and employs novel statistical series of Baltic trade as a proxy for the long term development of North Eurasian trade in world history Based on extensive quantitative evidence and sources for the history of international relations this book outlines how North Eurasian trade became an object of growing tensions between various larger and smaller powers with a stake in North Eurasia s riches The book addresses the long term impact of mercantilist policies territorial greed and military conflicts in North Eurasia s border basins and accentuates the significance of developments in the preindustrial transport and commercial infrastructure of the North Eurasian landmass Employing the concept of North Eurasia and its different borderlands and border basins this book overcomes previous limitations in the historiography of globalization and sheds light on a large continental landmass which researchers tend to leave aside for the benefit of a predominant maritime perspective in historical studies of globalization North Eurasian Trade in World History 1660 1860 will be invaluable reading for students and scholars interested in world history East European history and the history of international relations and trade *Soviet Life* ,1984 **Foreign Churches in St. Petersburg and Their Archives, 1703-1917** Pieter N.
