Ask The Beasts Darwin And The God Of Love:

Ask the Beasts: Darwin and the God of Love Elizabeth A. Johnson, 2014-03-13 An examination of the relationship between faith in God and the concept of ecological care within a crisis of biodiversity *All God's Creatures* Daniel P. Horan, 2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as *All God's Creatures* argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval of the medieval Franciscan theological and philosophical tradition The result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation **All God's Animals** Christopher Steck, 2019-10-01 The book is the first of its kind to draw together in conversation the views of the early Church contemporary biblical and theological scholarship and post conciliar teachings Steck develops a comprehensive Catholic theology of animals based on an in depth exploration of Catholicism's fundamental doctrines trinitarian theology Christology pneumatology eschatology and soteriology *All God's Animals* makes two central claims First we can hope that God will include animals of the present age in the kingdom inaugurated by Christ Second because of this inclusion our responses to animals should be guided by the values of the kingdom As Christians await the final liberation of all creation they are to be witnesses to God's kingdom by embodying its ideals in their relations with animal life Because the kingdom's fullness is yet to come and because our world remains marked by the wounds of sin however Christian treatment of animals will at times require acts that are at odds with the kingdom's ideals for example those causing suffering and death Steck examines each of these ideas and explores all of their complexities *To Believe or Not Believe* Rausch, Thomas P., SJ, 2024 Based on years of teaching this book examines the faith of young adults in a broad context not just of secular society or because of nonobservant parents but a society which fails to grasp the nature of truth or the transcendent a failure to grasp Catholicism's deep conviction of the compatibility of faith and reason and how we encounter the mystery of the divine and contemporary America's truncated vision of salvation While these young adults are not hostile and willing to listen a religious background is often missing This book addresses young people and those who work with them teachers pastors or parents In our post truth society many are formed by social media rather than an education in the humanities Disinformation is also a major problem poisoning our politics as is the secularity of a culture that has little concern for the religious traditions that once shaped it This is the world our young adults inhabit The concluding reflections offer some practical

suggestions A Dialogue on the Lust for the Divine Eureka Circe,2025-10-22 What happens when theology takes lust seriously not as a danger but as a source of love dignity and faith Lust for the Divine accompanies readers through three times seven days of Christological and sensitive theology and its practical consequences for the church from a new reading of the Bible to culture and liturgy to exciting topics of discussion such as the ordination of women marriage for all before the altar and freedom of conscience The series bridges the gap between official doctrine and lived reality and advocates for a sexual ethic that remains faithful to the Gospel and respects the reality of life human centred pleasure friendly and life affirming The first part lays the foundations for a delight in the divine the following parts show how the frame shifts from order of creation to diversity of creation and what consequences this has for sacraments language pastoral care and canon law The book invites an objective clear and effective dialogue with respect for tradition and clear words for a church that understands diversity as a gift and respects incarnation in the physical sense The FAQ volume brings together the themes and theses of queer theology into a theological compendium of questions about the church's sexual morality Precise answers systematically address key areas of integration creation and diversity lust and grace power and abuse office and authority The spectrum ranges from the question of whether Jesus or God can be thought of as queer to the shaping of marriage for all before the altar to celibacy and the ordination of women Theological biblical and feminist perspectives are intertwined to open up new avenues for pastoral practice and church reform The result is a reference work of dialogue open analytical and committed to the Gospel which places freedom and relationship above law and fear **Faith Seeking Understanding,**

Fourth ed. Daniel L. Migliore,2023-05-31 An authoritative and beloved textbook updated for the current generation of theology students Daniel L Migliore's classic theology textbook returns in a new edition revised and supplemented with fresh material Faith Seeking Understanding covers fundamental topics for budding theologians from biblical hermeneutics to the incarnation to the life of faith As in previous editions the material culminates in four imaginative dialogues between prominent thinkers to illustrate major theological debates In addition to updates throughout the text the fourth edition also includes a new introduction and an additional chapter on Christology Students will appreciate the textbook's accessible style comprehensive reading recommendations and glossary of theological terms **Ex Auditu - Volume 32** Klyne
