Asclepiades Of Samos And Leonidas Of Tarentum The Poems:

Asclepiades of Samos and Leonidas of Tarentum Jerry Clack, 1999-01-01 This edition includes Introduction Greek text Commentary Index of proper names Selected bibliography Glossary The combined poems by these two writers scarcely exceeds 800 lines making this volume a manageable text for an undergraduate Greek class The epigrams convey a good sense of the Hellenistic ethos without posing daunting vocabulary problems

Asclepiades of Samos and Leonidas of Tarentum : the poems Asclepiades (Samius.), 1999 *Greek Erotic Epigram* Maria Kanellou, 2025-03-19 Despite its small size epigram attracted some of the best poetic talents of antiquity exerting a strong influence on Latin literature and continuing to inspire poetic creativity until today During the last decades research on epigram flourished to an unprecedented degree Greek Erotic Epigram A Diachronic Approach draws on and engages with this renewed scholarly interest in the briefest of the ancient Greek genres By shifting focus away from a particular poet collection and the epigrammatic production of a specific historical period it explores diachronically erotic epigram from various interpretative angles treating the surviving material as an organic whole Four motifs drive diachronic research encompassing a wide chronological span from the Hellenistic up until the early Byzantine era the lamp sea and nautical imagery the beloved's comparison to Aphrodite and Eros and the Erotes By analysing how these motifs were shaped and adapted over the centuries the book illustrates the epigrammatists changing attitudes towards the material inherited from earlier poetic tradition and leads to a deeper appreciation of the narrative techniques adopted by them as well as of the inner dynamics of poetic imitation and competition Moreover the scrutiny of the motifs within wider literary and historical backgrounds reveals the influence exerted by different cultural and sociopolitical environments on the epigrammatists work in the course of centuries The book offers a model for the type of diachronic research that can be applied to other epigrammatic subgenres and other motifs and to Latin epigram

Greek Epigram from the Hellenistic to the Early Byzantine Era Maria Kanellou, Ivana Petrovic, Chris Carey, 2019-04-18 Greek epigram is a remarkable poetic form The briefest of all ancient Greek genres it is also the most resilient for almost a thousand years it attracted some of the finest Greek poetic talents as well as exerting a profound influence on Latin literature and it continues to inspire and influence modern translations and imitations After a long period of neglect research on epigram has surged during recent decades and this volume draws on the fruits of that renewed scholarly engagement It is concerned not with the work of individual authors or anthologies but with the complexities of epigram as a genre and provides a selection of in depth treatments of key aspects of Greek literary epigram of the Hellenistic Roman and early Byzantine periods Individual chapters offer insights into a variety of topics from the dynamic interactions between poets and their predecessors and contemporaries and the relationship between epigram and its sociopolitical cultural and literary background from the third century BCE up until the sixth century CE to its interaction with its origins inscribed epigram more generally other literary genres the visual arts and Latin poetry as well as the process

of editing and compilation that generated the collections that survived into the modern world Through the medium of individual studies the volume as a whole seeks to offer a sense of this vibrant and dynamic poetic form and its world which will be of value to scholars and students of Greek epigram and classical literature more broadly Deixis and Frames of Reference in Hellenistic Dedicatory Epigrams Flavia Licciardello, 2022-10-24 The book presents an analysis of communicative structures and deictic elements in Hellenistic dedicatory epigrams Moving from the most recent linguistic theories on pragmatics and considering together both Stein and Buchepigramme this study investigates the linguistic means that are employed in texts transmitted on different media the stone and the book to point to and describe their spatial and temporal context The research is based on the collection of a new corpus of Hellenistic book and inscribed dedicatory epigrams which were compared to pre Hellenistic dedicatory epigrams in order to highlight the crucial changes that characterise the development of the epigrammatic genre in the Hellenistic era By demonstrating that the evolution of the epigrammatic genre moved on the same track for book and stone epigrams this work offers an important contribution to the ongoing debate on the history of the epigrammatic genre and aims to stimulate further reflection on a poetic genre which since its origins in the Greek world has been successful both in ancient and modern literary traditions *Pagan Portals - Mestra the Shapeshifter* Dianna Rhyan, 2024-10-29 Follow Mestra the shapeshifter through sacred groves and ancient seas where lyrical voices evoke forgotten worlds of peril and beauty She invites you on a journey to re enchant the world to discover unforeseen landscapes where primeval spirits nymphs and priestesses dance together Goddesses shelter mysteries here nurtured by prophetic trees watered by wellsprings of the spirit A luminous mystical maiden who is also a cunning trickster escape artist lover and beast Mestra is more than a figment of imagination Exploring her ancient myth evokes the deep foreknowing of Earth the dynamic energy of wild creatures the pull of elemental forces and the strength of immortal passions Her transformations call us to seasonal cycles of change and beckon us into the heart of nature s sacred powers Mestra embodies the vibrant evergreen potential that dwells in the female psyche accessible to us all Dioscorides and Antipater of Sidon Dioscorides, Antipater (of Sidon), Jerry Clack, 2001 This text for undergraduate students presents a collection of the epigrams of Dioscorides and Antipater of Sidon in Greek with annotations in English The epigrams are arranged by subject matter Clack s classics Duquesne U introduction discusses the form of the epigram and provides some backgro In Search of the Sorcerer's Apprentice Daniel Ogden, 2007-12-31 In Search of the Sorcerer s Apprentice is the first book in English to be devoted to Lucian s Philopseudes or Lover of Lies c 170s AD It comprises an extensive discussion with full translation of this engaging and satirical Greek text with its ten tales of magic and ghosts One of these is the famous story of The Sorcerer s Apprentice and this conveys the flavour of the rest In other tales a plague of snakes is blasted with a miraculous scorching breath a woman is drawn to her admirer by an animated cupid doll and a haunted house is cleansed of its monstrous ghost The Philopseudes stands at the intersection of three of the liveliest fields in the study of antiquity magic traditional narratives and

the Lucianic oeuvre itself Ogden's cross fertilising expertise in all three of these fields enables him to build sophisticated analyses for each of the tales and to place them sensitively in their historical cultural and literary contexts Among the themes of the work are Lucian's methods of adapting motifs from traditional narratives and the text's overlooked Cynic voice

Brill's Companion to Hellenistic Epigram Peter Bing, Jon Bruss, 2007-04-30 Important research in recent decades along with the publication of P Mil Vogl VIII 309 the Milan Posidippus papyrus in 2001 have reinvigorated the study of Hellenistic epigram Yet scholarship on this genre often remains fragmented according to disciplinary sub specialty and approach some scholars focus on poets of Meleager's Garland others on Philip's some on inscriptional epigram others on literary each approaching the genre with different motives and questions In this volume expert scholars offer those less familiar with the genre an introduction to all aspects of Hellenistic epigram from models and forms inherited from inscriptional epigram to poetology sub genera epigrammatic intertexts and ancient and modern reception Even specialists will find here fresh explorations of epigram along with new directions for scholarship *Ancient Greek Epigrams* Gordon L. Fain, 2010 This volume presents a selection of Greek epigrams in verse translation including many from the recently discovered Milan papyrus The poets represented are Anyte Leonidas of Tarentum Asclepiades Posidippus Callimachus Theocritus Meleager Philodemos and Lucillius
