Ash Of Stars On The Writing Of Samuel R Delany

Hugh Stevens

Ash Of Stars On The Writing Of Samuel R Delany:

Ash of Stars James Sallis, 1996 A critical appreciation of the acclaimed science fiction writer and his works **Ash of stars** , A critical appreciation of the acclaimed science fiction writer and his works Samuel R. Delany Elizabeth Mannion, Ann Matsuuchi, Lavelle Porter, Kenny Roggenkamp, 2024-11-19 Samuel R Delany A Reference Guide to His Life and Works is the first encyclopedic overview of Delany's fiction essays public talks and interactions with leading writers and icons from W H Auden to Wonder Woman No book offers such a comprehensive guide to the scope of Delany's presence in American letters literary and popular culture The alphabetical listing is organized to maximize reader accessibility with cross references that allow for exploration of his intertextual and intracultural reach His biography is also meticulously detailed with entries on his grandfather Henry Beard Delany born enslaved and the first black bishop of the Episcopal Church aunts Sarah and Bessie Delany the celebrated sisters of *Having our Say* The Delany Sisters First 100 Years parents into whose home many leaders of the Harlem Renaissance were welcomed and the vast cultural landscape with which he has engaged for over five decades This book contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries addressing each of Delany's major novels short stories nonfiction and theoretical texts and entries addressing the full scope of Delany's writings and major events in his life This book is an excellent resource for students researchers and anyone wanting to know more about Samuel R Delany *The Cambridge Companion to Gay and Lesbian Writing* Hugh Stevens, 2011 In the last two decades lesbian and gay studies have transformed literary studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature *The Columbia Guide to Contemporary African American Fiction* Darryl Dickson-Carr, 2005-12-06 In both the literal and metaphorical senses it seemed as if 1970s America was running out of gas The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned High unemployment runaway inflation and the energy crisis caused in part by U S dependence on Arab oil characterized an increasingly bleak economic situation As Edward D Berkowitz demonstrates the end of the postwar economic boom Watergate and defeat in Vietnam led to an unraveling of the national consensus During the decade ideas about the United States how it should be governed and how its economy should be managed changed dramatically Berkowitz argues that the postwar faith in sweeping social programs and a global U S mission was replaced by a more skeptical attitude about government's ability to positively affect society From Woody Allen to Watergate from the decline of the steel industry to the rise of Bill Gates and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers Berkowitz captures the history tone and spirit of the seventies He explores the decade's major political events and movements including the rise and fall of détente congressional reform changes in healthcare policies and the hostage crisis in Iran The seventies also gave birth to several social movements and the rights revolution in which women gays and lesbians and people with

disabilities all successfully fought for greater legal and social recognition At the same time reaction to these social movements as well as the issue of abortion introduced a new facet into American political life the rise of powerful politically conservative religious organizations and activists Berkowitz also considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as All in the Family and Charlie s Angels offered Americans both a reflection of and an escape from the problems gripping the country

Encyclopedia of African-American Literature Wilfred D. Samuels, 2015-04-22

Presents a reference on African American literature providing profiles of notable and little known writers and their works literary forms and genres critics and scholars themes and terminology and more

The Blackademic Life Lavelle Porter, 2019-10-15 The Blackademic Life critically examines academic fiction produced by black writers Lavelle Porter evaluates the depiction of academic and campus life in literature as a space for black writers to produce counternarratives that celebrate black intelligence and argue for the importance of higher education particularly in the humanistic tradition Beginning with an examination of W E B Du Bois s creative writing as the source of the first black academic novels Porter looks at the fictional representations of black intellectual life and the expectations that are placed on faculty and students to be racial representatives and spokespersons whether or not they ever intended to be The final chapter examines

blackademics on stage and screen including in the 2014 film Dear White People and the groundbreaking television series A Different World

Re-forming the Past A. Timothy Spaulding, 2005 The slave experience was a defining one in American history and not surprisingly has been a significant and powerful trope in African American literature In Re Forming the Past A Timothy Spaulding examines contemporary revisions of slave narratives that use elements of the fantastic to redefine the historical and literary constructions of American slavery In their rejection of mimetic representation and traditional historiography postmodern slave narratives such as Ishmael Reed s Flight to Canada Octavia Butler s Kindred Toni Morrison s Beloved Charles Johnson s Ox Herding Tale and Middle Passage Jewelle Gomez s The Gilda Stories and Samuel Delaney s Stars in My Pocket like Grains of Sand set out to counter the usual slave narrative s reliance on realism and objectivity by creating alternative histories based on subjective fantastic and non realistic representations of slavery As these texts critique traditional conceptions of history identity and aesthetic form they simultaneously re invest these concepts with a political agency that harkens back to the original project of the 19th century slave narratives In their rejection of mimetic representation and traditional historiography Spaulding contextualizes postmodern slave narrative By addressing both literary and popular African American texts Re Forming the Past expands discussions of both the African American literary tradition and postmodern culture

Speculative Orientalism: Asian Religions in New Wave Science Fiction Sang-Keun Yoo, 2025-08-21 Examining the works of prominent New Wave science fiction authors from the 1950 1960s Sang Keun Yoo highlights the underexplored connection between American science fiction and Asian religions such as Taoism

Buddhism and Hinduism The book considers how the major world wars of the 20th century Second World War the Cold War and the Vietnam War repositioned Asian culture in relation to the science fiction genre in the period Underpinning this study Sang Keun Yoo argues that Speculative Orientalism emerged in American science fiction during the 1950s and 60s This concept adopted various aspects of Asian religions to envision alternative worlds unburdened by the constraints of colonialism totalitarianism racism and sexism present in contemporary American society Bringing fresh perspectives to the works of William S Burroughs Philip K Dick Ursula K Le Guin and Samuel R Delany this book offers an insightful examination of the role of Asian religions in American science fiction and their impact on the genre s history

Science Fiction Roger Luckhurst, 2005-05-06 In this new and timely cultural history of science fiction Roger Luckhurst examines the genre from its origins in the late nineteenth century to its latest manifestations The book introduces and explicates major works of science fiction literature by placing them in a series of contexts using the history of science and technology political and economic history and cultural theory to develop the means for understanding the unique qualities of the genre Luckhurst reads science fiction as a literature of modernity His astute analysis examines how the genre provides a constantly modulating record of how human embodiment is transformed by scientific and technological change and how the very sense of self is imaginatively recomposed in popular fictions that range from utopian possibility to Gothic terror This highly readable study charts the overlapping yet distinct histories of British and American science fiction with commentary on the central authors magazines movements and texts from 1880 to the present day It will be an invaluable guide and resource for all students taking courses on science fiction technoculture and popular literature but will equally be fascinating for anyone who has ever enjoyed a science fiction book
