AW Rasmussen

Asian Americans Personality Patterns Identity And Mental Health:

Asian Americans Laura Uba, 2003-04-07 This widely adopted text synthesizes an extensive body of research on Asian American personality development identity and mental health Uba focuses on how ethnocultural factors interact with minority group status to shape the experiences of members of diverse Asian American groups Cultural values and norms shared by many Asian Americans are examined and common sources of stress described including racial discrimination and immigrant and refugee experiences Rates of mental health problems in Asian American communities are reviewed as are predictors and manifestations of specific disorders The volume also explores patterns in usage of available mental health services and considers ways that service delivery models might be adapted to better meet the needs of Asian American clients

Handbook of Mental Health and Acculturation in Asian American Families Nhi-ha Trinh, Yanni Chun Rho, Francis G. Lu, Kathy Marie Sanders, 2009-01-21 Asian Americans are the fastest growing minority group in the United States When Asian immigrants arrive in the United States they regularly encounter a vast number of difficulties integrating themselves into their new culture In *Handbook of Mental Health and Acculturation in Asian American Families* distinguished researchers and clinicians discuss the process of acculturation for individuals and their families addressing the mental health needs of Asian Americans and thoroughly examining the acculturative process its common stressors and characteristics associated with resiliency This first of its kind multi dimensional title synthesizes current acculturation research while presenting those concepts within a clinical framework In addition to providing an in depth look at both past and present research and offering directions for future topics to explore the book also offers a range of practical tools such as research scales to measure levels of acculturation interview techniques and clinical approaches for special populations including children the elderly and their families Thought provoking and informative *Handbook of Mental Health and Acculturation in Asian American Families* will enhance the understanding of the clinical and sociocultural problems Asian Americans face providing clinicians with all the necessary insights to better care for their patients

Asian American Mental Health Karen Kurasaki, Sumie Okazaki, Stanley Sue, 2012-12-06 *Asian American Mental Health* is a state of the art compendium of the conceptual issues empirical literature methodological approaches and practice guidelines for conducting culturally informed assessments of Asian Americans and for assessing provider cultural competency within individuals and systems It is the first of its kind on Asian Americans This volume draws upon the expertise of many of the leading experts in Asian American and multicultural mental health to provide a much needed resource for students and professionals in a wide range of disciplines including clinical psychology medical anthropology psychiatry cross cultural psychology multicultural counseling ethnic minority psychology sociology social work counselor education counseling psychology and more

Asian American and Pacific Islander Children and Mental Health Frederick T. Leong, Linda Juang, Desiree B. Qin, Hiram E. Fitzgerald, 2011-05-26 This first of its kind two volume set examines physical psychological social and environmental factors

that undermine or support healthy development in Asian American children How do skin color culture racial and ethnic identities politics economics and environment influence children s mental health and academic success Asian American and Pacific Islander Children and Mental Health spotlights these forces and more This unique two volume work examines a wide range of factors that affect children including family conditions and economic status child abuse substance abuse gangs and community stability as well as prejudices such as the common expectation that Asian Americans are a model minority and their children whiz kids Since education is key to success contributors consider the factors affecting Asian American children largely in the context of educational readiness and academic adjustment However the set is not limited to exploring problems It also looks at factors that help Asian American children be mentally healthy engaged and successful at school and in later life Volume one of the set explores development and context while volume two looks at prevention and treatment

Asian American Psychology Nita Tewari,Alvin Alvarez,2009 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company

Asian American Identities: Racial and Ethnic Identity Issues in the Twenty-First Century Cheri L. Philip,2007 *Encyclopedia of Asian American Issues Today* Edith Wen-Chu Chen,Grace J. Yoo,Wendy Ng,2009-12-23 This is a revealing compilation of essays on the latest research and debates on Asian Americans a growing and influential ethnic group today *Encyclopedia of Asian American Issues Today* is the first major reference work focused on the full expanse of contemporary Asian American experiences in the United States Drawing on over two decades of research it takes an unprecedented look at the major issues confronting the Asian American community as a whole and the specific ethnic identities within that community from established groups such as Chinese Japanese and Korean Americans to newer groups such as Cambodian and Hmong Americans Across two volumes *Encyclopedia of Asian American Issues Today* offers 110 entries on the current state of affairs controversies successes and outlooks for future for Asian Americans The set is divided into 11 thematic sections including diversity and demographics education health identity immigrants refugees and citizenship law media politics war work and economy youth family and the aged Contributors include leading experts in the fields of Asian American studies education public health political science law economics and psychology

Community Mental Health Samuel J. Rosenberg,Jessica Rosenberg,2013-05-07 The first edition of *Community Mental Health* quickly established itself as one of the most comprehensive and timely books about mental health practice in community settings Readers will find that this new edition is also on the leading edge of the field providing the most up to date research and treatment models in the field Experts from a wide range of professions social work nursing psychology psychiatry public health sociology and law explore the major trends best practices and policy issues shaping community mental health services today Coverage of each topic shifts the focus from management to recovery in the treatment of chronically mentally ill patients Coverage of organizational and policy issues gives students a head start on mastering the overarching factors that shape their field This book offers the greatest breadth of coverage available including hot button topics like the following evidence based

treatments neuropsychiatric perspectives Diversity Substance abuse New chapters cover a variety of special populations which ensures students are prepared to work with a wide range of issues including returning veterans military families and families of the mentally ill people affected by the Great Recession teenagers children the homeless Students preparing to become mental health professionals practitioners in community mental health settings and policy planners and advocates engaged in the evaluation and development of programs in the human services will find this text to be an invaluable resource in their training and work A collection of supplemental resources are available online to benefit both instructors and students Instructors will find PowerPoint slides and test banks to aid in conducting their courses and students can access a library of helpful learning activities suggested readings and resources and a glossary of important terms These materials can be accessed at http://www.routledge/mentalhealth.com/cw_rosenberg

Culturally Responsive Counseling with Asian American Men William Ming Liu, Derek Kenji Iwamoto, Mark H. Chae, 2011-01-19 Asian American men represent a complex group with distinct psychological and mental health concerns yet the current counseling literature is lacking in resources for clinicians working with this population The purpose of this text is to provide practitioners with a comprehensive overview of the current research and theory related to the important and unique issues that Asian American men experience It offers clinicians culturally responsive practical counseling techniques and strategies to help inform them on how to work effectively with this group Chapters are written by leading figures in the field and explore such topics as intergenerational conflict racism challenges associated with masculinity and fatherhood sexual orientation identity development substance abuse and career counseling Numerous clinical vignettes and case conceptualizations are included to assist clinicians who work with Asian American men and to demonstrate appropriate treatment responses

The Columbia Guide to Asian American History Gary Y. Okihiro, 2005-03-30 Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years this book marks the first systematic attempt to take stock of this field of study It examines comments and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse population of Americans Arriving and settling in this nation as early as the 1790s with American born generations stretching back more than a century Asian Americans have become an integral part of the American experience this cleverly organized book marks the trajectory of that journey offering researchers invaluable information and interpretation Part 1 offers a synoptic narrative history a chronology and a set of periodizations that reflect different ways of constructing the Asian American past Part 2 presents lucid discussions of historical debates such as interpreting the anti Chinese movement of the late 1800s and the underlying causes of Japanese American internment during World War II and such emerging themes as transnationalism and women and gender issues Part 3 contains a historiographical essay and a wide ranging compilation of book film and electronic resources for further study of core themes and groups including Chinese Japanese Filipino Hmong Indian Korean Vietnamese and others
