You'll quickly learn everything you need to start building Android apps, beginning with a test drive of the Tip Calculator app in Chapter 1, then building one new app in each of Chapters 2 through 9. By the time you reach Chapter 10, you'll be ready to create your own apps for submission to Google Play and other app marketplaces. You'll master the Google Play submission process, including uploading your apps. You'll decide whether to sell your apps or offer them for free and learn how to market them via social media and monetize them with in-app advertising, in-app billing, virtual goods, and more.
