Activating The Desire To Learn:

Activating the Desire to Learn Bob Sullo, Robert A. Sullo, 2007-01-15 Written as a series of candid dialogues between the author and K 12 students teachers counselors and administrators Activating the Desire to Learn shows how to apply lessons from the research on motivation to classroom instruction **Activating the Desire to Learn** Robert A. Sullo, 2007 Discusses how to apply lessons from the research on motivation in the classroom from elementary through high school

The Motivated Student Robert A. Sullo, 2009 Research has shown time and again that the traditional reward punishment model does nothing to boost student achievement In The Motivated Student Unlocking the Enthusiasm for Learning veteran educator Bob Sullo suggests a different approach cultivating students inner drive to learn by addressing their essential psychological needs Drawing from in depth interviews with successful educators counselors and administrators and a careful analysis of the research on classroom motivation Sullo provides an indispensable blueprint for ensuring that students in grades 4 12 are engaged in the classroom He offers practical clear cut strategies for getting students focused and ready to learn by Eliminating external rewards for learning Building positive relationships with students Creating realistic expectations for your students Developing lesson plans that are relevant to students lives and Planning with students psychological needs in mind As every teacher knows students learn best when they actually want to learn Whether at the elementary or high school level this book will make you think about who your students really are and help you develop a culture of inquiry trust and engagement that will release each child s enthusiasm for learning Breaking Free from Myths About Teaching and Learning Allison Zmuda, 2010-12-08 What the teacher wants me to say is more important than what I want to say If I get too far behind I will never catch up What I m learning doesn t have much to do with my life but it isn t supposed to it s school These are just some of the many pernicious axioms that keep students from achieving to their potential In Breaking Free from Myths About Teaching and Learning Allison Zmuda analyzes and promptly dispels these and other harmful untruths that have inhibited student learning for decades and offers a wealth of ideas for combating them including Refocusing learning environments with students best interests in mind Designing engaging lessons that spark students imaginations Motivating students to learn for the joy of it not just for the grade Developing authentic assessments that truly capture the extent of students progress Creating effective school missions that provide both educators and students with achievable objectives In addition to these strategies Zmuda offers tips from prominent creative thinkers in a variety of fields on how to approach projects creatively and stimulate fresh thinking Students have been captive to falsehoods about learning for far too long This provocative and insightful book shows why it s vital for administrators and teachers to help students shed their faulty assumptions and offers a blueprint for creating more innovative inviting and effective schools
