

Busser Training — Trainer's Notes

Welcome to Bus Station Training. The following notes are designed for the person responsible for facilitating the bus station training within the restaurant.

The *Trainer's Notes* follow along with each section of *Busser Training Manual* with suggested talking points and recommended hands-on activities.

In Preparation

- Read through the Trainer's Notes. Make comments where you want to add specific examples or references.
- On the day prior to the scheduled training shift, have the trainee read the corresponding sections of the Busser Training Manual that you would like to cover during that day's training.
- On the day of training, make sure that you have all the supplies needed for the station training. Including these training tools:
 - *These Trainer's Notes*
 - *Busser Training Manual*
 - *Busser Final Test & Answers*
 - *Busser Certification Form*

Training Process

The best way for your trainee to learn how to be a Busser will be to practice hands-on.

- In this training your trainee will start by reading a brief description of a topic pertaining to their job, and then you will explain and demonstrate how to conduct the procedures presented.
- Next, you will have the trainee conduct a hands-on activity or practice live on-the-job with your assistance until they are comfortable with the task.
- Once all topics have been presented and practiced there will be a short knowledge test for your trainee to complete.
- Lastly, to certify that your trainee is ready to be put on the floor as a bus person you will conduct an on-the-job evaluation of the trainee in action. You will fill out the Busser Certification Form and present it to the trainee at the completion of their training. A copy of the certification form should be kept on file in the restaurant.
