Triple Ken Follett, 2015 A New York Times bestselling novel of international suspense and terror from the author of *The Pillars of the Earth* *World Without End* and *A Column of Fire* As Egypt comes closer and closer to developing a nuclear bomb the Mossad s number one Israeli agent is given an impossible mission to beat the Arabs in the nuclear arms race by finding and stealing two hundred tons of uranium The world s balance of power will shift And the Mossad the KGB the Egyptians and Fedayeen terrorists will play out the final violent moves in this devastating game where the price of failure is a nuclear holocaust

To the Spring Equinox and Beyond Natsume Soseki, 2012-02-14 This classic Japanese story by Soseki Natsume the foremost novelist of the Meiji Period is a masterpiece of Japanese literature This book demonstrates Soseki Natsume s ability to dissect and elucidate the human personality in all its complexity Here his facile blending of narrative extended monologue and sharp dialog leaves the reader with an almost personal knowledge of the characters We are introduced to Keitaro a recent college graduate hunting for his first job he is the hero through whose eyes the other characters are seen There is also Morimoto the young adventurer with his tall tales Sunaga a troubled young man whose moving story forms the center of the novel Taguchi Sunaga s fun

loving yet practical uncle Matsumoto another uncle a high class idler but wise in his own way and Chiyoko Sunaga s cousin and apparently the cause of much of his distress Keitaro does not merely tell us the story of the others however Their lives are a part of his elucidation beyond that of the world of academia and his knowing them enables him eventually to experience however directly or indirectly the romantic the practical the philosophical and the existential Good Housekeeping ,2009

Ghost Tide Jim Cockin,2024-08-08 Don t open the box warned the old man But Charlie can t help himself Fourteen year old London schoolboy Charlie has been looking forward to playing football with his mates in the Christmas holidays Instead he is packed off to the wilds of the East Anglian coast to stay with an uncle he barely knows It s going to be a tough week Uncle Patrick s ramshackle house doesn t have wi fi his daughter Ariel seems determined to be vile and who are the mysterious children laughing after dark in the empty bedroom next to Charlie s When Charlie finds an ancient brass box buried on the beach he unleashes a chilling sequence of events At least these bring him and his grumpy cousin together as the pair battle to solve the mystery of the box of souls and re capture the violent ghostly presence wreaking havoc around the town A stirring spine chiller Ghost Tide is a spooky unforgettable tale of restless spirits and youthful heroism **Academia versus the World Outside** Bruce Fleming,2024-08-06 Academia versus the World Outside lays out the givens of the knowledge industry located within the ivory tower colleges and universities It then moves outside academia to consider this restricted world the way most people see it The contrast between these two views of academia explains and is at the basis of the left right animosity of our day The knowledge industry a creation of the post Enlightenment modern age along with other industrial and post industrial enterprises is based on creating and adding to a store of knowledge as its own end This makes academia alien to the more random and personal nature of knowledge acquisition in our everyday lives as indeed every industry is alien to everyday life in the modern age Yet most academics are so immersed in the peculiar project they have chosen as their life s work that they are either unaware of or unsympathetic to the fact that people outside live very different lives with very different presuppositions Most non academics for their part find academia strange and for very good reason Academia versus the World Outside makes this contrast and conflict clear from both directions This book is aimed primarily at academics most of whom so take for granted the givens of what they do that they fail to understand why the vast majority of people outside find academia alien This has led to an increasingly hostile and utterly predictable left right political conflict academia tending increasingly left and the world outside increasingly right The goal of this book is to reduce the tension between both sides if read by non academics this book may help these understand the givens of a world as strange to everyday life as any other specialized industry in the modern age *Natural Elements* Richard Mason,2010-04-06 In this moving layered novel of memory and family celebrated author Richard Mason tells the story of a mother and daughter one caught in the past one racing toward the future Joan is eighty years old a gifted amateur pianist who can no longer play because of her arthritic hands Joan s daughter Eloise is an ambitious hedge fund manager who has decided to move her

mother to an assisted living facility As a last hurrah Eloise plans a trip to Joan s childhood home in South Africa What Joan discovers there summons long buried secrets and opens up an entirely new world Natural Elements is a dazzling tale of history and longing and the high stakes full tilt embrace of life *Making Crazy* Michael Scofield,2011-08-18 Another beautiful Santa Fe spring as four uneasy couples trample each other s lives in the search for love Making Crazy the second novel in Scofield s Santa Fe trilogy explores the emptiness of love under false pretenses As mishaps pile up the increasingly frantic dance forces everyone to abandon compromise in hope of a fresh start Yale University graduate MICHAEL SCOFIELD received his MFA in Writing from Vermont College in 2002 In 2006 Santa Fe s Sunstone Press published Whirling Backward into the World his second book of poems and Acting Badly the first novel in his Santa Fe trilogy
