Becoming Adult, Becoming Christian James W. Fowler, 1999-12-02 In this updated reissue of his 1984 classic James Fowler applies his groundbreaking research on the development of faith to Christianity In his revised first chapter Fowler locates his approach to the study of human and faith development in relation to the contemporary conversation about identity and selfhood in postmodernity Fowler invites readers to explore what it means to find and claim vocation a purpose for one's life that is part of the purposes of God Reclaiming covenant and vocation as ideals for responsible mature Christian selfhood Fowler shows how a dynamic understanding of what vocation involves can both inform and transform lives

Stages of Faith James W. Fowler, 1995-09-15 Dr James Fowler has asked these questions and others like them of nearly six hundred people He has talked with men women and children of all ages from four to eighty eight including Jews Catholics Protestants agnostics and atheists In many cases the interviews became in depth conversations that provided rare intimate glimpses into the various ways our lives have meaning and purpose windows into what this book calls faith Faith as approached here is not necessarily religious nor is it to be equated with belief Rather faith is a person's way of leaning into and making sense of life More verb than noun faith is the dynamic system of images values and commitments that guide one's life It is thus universal everyone who chooses to go on living operated by some basic faith Building on the contributions of such key thinkers as Piaget Erikson and Kohlberg Fowler draws on a wide range of scholarship literature and firsthand research to present expertly and engagingly the six stages that emerge in working out the meaning of our lives from the intuitive imitative faith of childhood through conventional and then more independent faith to the universalizing self transcending faith of full maturity Stages of Faith helps us to understand our own pilgrimage of faith the passages of our own quest for meaning and value

Fowler, 1984 Explore Yourself in Spirit and Faith In this updated reissue of his 1984 classic James Fowler author of the bestselling Stages of Faith applies his groundbreaking research on the development of faith to Christianity Grounded in developmental psychology theology and practical ethics Becoming Adult Becoming Christian shows how communities of shared beliefs can support and nurture individuals as they shape themselves and are shaped in spirit and faith In his revised first chapter Fowler locates his approach to the study of human and faith development in relation to the contemporary conversation about identity and selfhood in postmodernity Fowler invites readers to explore what it means to find and claim vocation a purpose for one's life that is part of the purposes of God Reclaiming covenant and vocation as ideals for responsible mature Christian selfhood Fowler shows how a dynamic understanding of what vocation involves can both inform and transform lives

Spiritual Formation in Emerging Adulthood David P. Setran, Chris A. Kiesling, 2013-08-15 The shift from adolescence to adulthood a recently identified stage of life called emerging adulthood covers an increasing span of years in today's culture roughly ages 18-30 due to later marriages and extended education During this prolonged stage of exploration and self definition many young adults drift

away from the church Here two authors both veteran teachers who are experienced in young adult and campus ministry address this new and urgent field of study offering a Christian perspective on what it means to be spiritually formed into adulthood They provide a practical theology for emerging adult ministry and offer insight into the key developmental issues of this stage of life including identity intimacy and sexuality morality church involvement spiritual formation vocation and mentoring The book bridges the gap between academic and popular literature on emerging adulthood and offers concrete ways to facilitate spiritual formation among emerging adults

A Handbook of Discernment for Evangelical Christians Considering Ministry as a Professional Chaplain John Ruiz, 2025-02-27 The purpose of this handbook is to encourage discernment for evangelical Christians who are considering ministry as a professional chaplain The handbook illustrates practical applications of the art of chaplaincy and provides a framework for navigating entry into the profession that occurs at both the professional chaplain and church level This resource is designed for teachers who instruct individuals considering professional chaplaincy The hope is to encourage and assist evangelical Christians who feel called to the ministry of professional chaplaincy to enter and successfully practice their ministry The reason for the handbook is the author's observation working seventeen plus years as a professional chaplain that God is using professional chaplaincy in a multicultural reality to reach the unchurched the minimally church and those who are not currently having their needs met by the traditional form of church

Experiencing the Knowing of Faith Sharon Warner, 2000 What is religious faith And how does modern society view truth Sharon Warner in *Experiencing the Knowing of Faith* discusses the understanding formed by deep truth or knowledge intrinsic to a person's self identity She critiques today's susceptibility to the paradigm of Cartesian dualities such as mind body and subject object and in doing so utilizes the philosophy of Alfred North Whitehead and Michael Polanyi Concluding with an exploration of the relevance of this theory for teaching faith the work will be of great use to religious scholars and to philosophers

Ancient-Future Disciples Becky Garrison, 2011-10 Fresh expressions of church may offer a fresh take on ancient Anglican tradition and worship But what difference are they making for the people who call them their church home Journalist and religion commentator Becky Garrison spent a year visiting mission shaped ministries in the US and UK Where most books focus on the pioneers who founded these congregations Garrison shifts to focus on the people on the ground what drew them to the community why they come back and how they understand themselves to be church In the process she reveals wisdom around evangelism Christian formation and discipleship that every congregation can use to flourish in this postmodern age

The Faith of Jesus Richard W. Kropf, 2006-01-01 Combining the faith development theory of James Fowler with the psychodynamics of Viktor Frankl and utilizing many of the insights of contemporary biblical scholarship the author has here proposed a unique and provocative interpretation of the life of Jesus as described in the Epistle to the Hebrews as the leader and perfecter of faith No doubt many will find this approach to a life of Christ to be novel even disturbingly unorthodox Yet it has been written in the conviction that the faith of most Christians for the most part has fallen into the heresy of monophysitism if not in theory at least in practice amounting to a denial of Jesus as a human being and as a result a person of faith In addition in his Christological Postscript the author has sketched out the beginnings of a new more evolutionary approach to understanding how Jesus might be understood to be divine even while remaining the fully human character depicted in this book
