Before Baby Step Step Impossible:

UnderMind Tanya Chernova, Joanna Andros, 2013-03-20 This 1 bestselling book is for everyone who has ever wanted to be successful in any area of life but is left wondering why they simply can't attain it. Seven destructive beliefs are quietly living and breathing in the subconscious minds of billions of people. They are the pillars of a corrupt unconscious belief system that sabotages success and because of them bank accounts dwindle, self-esteem suffers, relationships fail, health falters, and inner peace is always out of reach. When you understand which of the seven beliefs are operating in your own life, you will see how they have affected your past and how they will control your future if you let them. Through methodically designed exercises, *UnderMind* provides you with a revealing evaluation of what your subconscious mind is programmed to achieve or sabotage. The life-changing results of these exercises tell you why you've made achievements in certain areas while you've floundered on others. With *UnderMind*'s groundbreaking methods for revelation and reprogramming, self-sabotaging beliefs that have existed for decades can be dissolved in only hours. Financial abundance, self-love, meaningful relationships, health, fulfillment, and more are possible when you take control of your subconscious and stop living *UnderMind*. Gain the effortless power to accomplish anything. This book is for everyone who has ever wanted to be successful in any area of life but is left wondering why they simply can't attain it.

The Rule of Nines Kathlyn Heim, 2019-10-01 For those who have difficulty achieving goals, this self-help guide offers a simple approach to making lasting behavioral changes for success. Some people struggle every single day to improve but seem to take three steps back for every two steps forward. People tell them it's because they lack willpower or because they're weak or don't want something badly enough. But they know that's not true. Health and Wellness coach Kathlyn Heim helps those who are constantly struggling to create lasting change in their lives finally make their changes stick. *The Rule of Nines* lays out an individualized nine-step approach to goal identification, achievement, and permanent success that helps readers understand why they've failed in the past and shows them how to effectively change their actions moving forward. Although there are plenty of goal achievement guides, Kathlyn works in the missing piece of deep self-reflection that's necessary for lasting change. Rather than being based on an external reward system, *The Rule of Nines* focuses on an internal reward system through self-discovery, making it possible for readers to live the life they desire and proving that it really is never too late to change.

BABY STEPS TO GLORY D. H. REID, 2012-04-15 Join Elder Reid as he is asked to officiate a funeral which leads him to offer the sermon at the home for the elderly on Easter Sunday. He meets Robert Hans Sebastian and a special lady named Sophia that is one of the nurses on the staff of the home. After meeting five elderly women in a ward of the home, their meeting starts a chain reaction where the ladies not only learn where they came from, why they are on the Earth, but also what happens after death as proved in depth through the Bible. The men find true love that weekend; it leads to baptism and a marriage performed all on the Easter weekend. The story is based on actual accounts of the elderly and the author's own life.
