Secondhand China Carles Prado-Fonts, 2022-06-15 This transcultural study of cultural production brings to light the ways Spanish literature imagined China by relying on English and French language sources Carles Prado-Fonts examines how the simultaneous dependence on and obscuring of translation in these cross cultural representations created the illusion of a homogeneous West He argues that Orientalism became an instrument of hegemony not only between the West and the rest but also within the West itself where Spanish writers used representations of China to connect themselves to Europe hone a national voice or forward ideas of political and cultural modernity Uncovering an eclectic and surprising archive Prado-Fonts draws on diverse cultural artifacts from popular literature journalism and early cinema to offer a rich account of how China was seen across the West between 1880 and 1930 Enrique Gaspar Luis de Oteyza Vicente Blasco Ibáñez and lesser known authors writing in Spanish and Catalan put themselves in dialogue with Leo Tolstoy John Dewey W Somerset Maugham Bertrand Russell Pearl Buck and André Malraux as well as stereotypical figures from popular culture like Fu Manchu and Charlie Chan Throughout Prado-Fonts exposes translation as a technology of cultural hegemony and China as an appealing object for representation A timely contribution to our understanding of how we create and consume knowledge about the world *Secondhand China* is essential reading for scholars and students of Orientalism postcolonial studies translation studies comparative literature and cultural

contradistinction to more local forms such as literary modernismo *Tides of Progress* provides compelling insights into and challenges assumptions about some of the region's key literary figures while also surfacing significant new archival materials. The volume's authors collectively present print culture as becoming one of the most visible ways through which modernity and ideas of progress were encountered, consumed, shared and assimilated by the public in both the Anglo and Hispanic spheres.

Elusive Dove Neil Hollander, 2014-01-10 Most histories of World War I revolve around gruesome battles, ribboned generals and feats of military heroism. All too often the acts of those who tried to stop the fighting by word or deed have been drowned out by the roar of cannons. Yet even in the heat of battle individuals of courage stepped forward and attempted to bring the better part of humanity out of darkness and to revive the phoenix of peace. This book tells in detail the stories of these people and their organizations in Asia, North and South America and Europe. Henry Ford's peace ship of December 1915, the famous Christmas truce of 1914, secret diplomatic missions by Austro-Hungarian Prince Sixtus and myriad other efforts are described, showing that the desire for peace was widespread and fervent.

The Great War in American and British Cinema, 1918-1938 Ryan Copping, 2020-11-10 This book recounts the reception of selected films about the Great War released between 1918 and 1938 in the USA and Great Britain. It discusses the role that popular cinema played in forming and reflecting public opinion about the War and its political and cultural aftermath in both countries. Although the centenary has produced a wide number of studies on the memorialisation of the Great War in Britain and to a lesser degree the USA, none of them focused on audience reception in relation to the Anglo-American circulatory system of Trans-Atlantic culture.

Estudios sobre novelistas clásicos. Mark Twain. Blasco Ibáñez. Pío Baroja. Joseph Roth Javier Alcoriza, 2016-10-27 La novela es un género eminentemente moderno pero tiene la vocación de perdurar de formar parte del relato de nuestras vidas. Nunca la literatura ha gozado de una ventaja tan grande como esta democrática proximidad entre sus personajes y la conciencia que habitan. Sin embargo, esa especie de libertad se revela también como el último eslabón de una cadena tan inoxidable como la propia naturaleza humana. Aunque los tiempos han dictado las condiciones para las historias de Mark Twain, Blasco Ibáñez, Pío Baroja y Joseph Roth, la mente de los novelistas ha trabajado con una constancia inapelable. Los escritores clásicos aquí reunidos forman un imaginario tribunal supremo para la constitución de sus lectores.
