Richardson,2018-03-12 She s back The world has not yet begun to recover after the near disastrous attempt by the Council to place the King in Exile on the throne of Britain For some it is a time of grieving to mourn the millions of people killed in the bioweapon attack For others a time for unity to heal the rifts between neighbors and friends who chose different sides in a nascent civil war that threatened to destroy what was left of America after the invasion For Danika Helstr m it s time to go hunting Of all the Council operatives responsible for the worldwide death and destruction unleashed by the North Koreans one woman managed to slip away in the chaos following the attack on Dunkeith Castle Now Jayne Renolds has remerged from the shadows stronger than ever She wants to take control of what remains of the tattered Council and the next in line to the Pretender s Throne a 15 year old boy from Normandy For Danika there s only one problem Jayne has all of Reginald s secrets all his contacts all his money and none of his restraints She is ruthless driven and willing to do anything to succeed Now she seeks to reform the Council and return it to its former glory and she doesn t care who dies along the way especially if it s 13 her one time ally and training partner But Danika doesn t have to fight alone any longer she s teamed up with Cooper Braaten the ex SEAL who helped bring down the Council Together they ll face off against the most dangerous woman in the world the Regent The Regent is an action packed continuation of the gritty post apocalyptic saga that began with Apache Dawn The Regent is the fifth main book in the series and takes place after the events of Oathkeeper *Oathkeeper* Marcus Richardson,2017-11-20 Some oaths must never be broken The world is in flames brought about by the Council s attempt to change the balance of power in the western world The weaponized Pandemic virus runs rampant across much of the globe but the United States has developed a vaccine Humanity was brought to the precipice of extinction and managed to

survive But the situation is no where near resolved North Korea still occupies the west coast of the United States trapping millions of Americans behind enemy lines Two of those unfortunates are the wife and child of Charlie Marshal Navy SEAL and Cooper Braaten s executive officer Cooper swore an oath to rescue Charlie s family following the Battle of Tillcott Castle but there s two things that stand in his way the North Korean invasion force and their criminal allies and the fact that Cooper is no longer a Navy SEAL If he goes in he s going alone But none of that matters to Cooper He swore an oath to bring back Charlie s family or die trying and he s going to keep that oath No matter the adversity injury or fatigue Cooper will face the very worst of human nature in the form of gang lords who have risen up to rule the west in the name of the North Koreans and there will a reckoning Cooper Braaten once one of America s elite warriors may no longer be a Navy SEAL but he is the Oathkeeper Oathkeeper is a riveting thrill ride opening the next chapter in Marcus Richardson s post apocalyptic Wildfire Saga Firestorm Marcus Richardson,2016-04-20 Some fires can t be contained America is on the brink of collapse The Council has revealed itself to be the driving force behind the bio weapon that has unleashed The Pandemic upon the world once again There s only one problem The Council is now public enemy number one Cooper Braaten and his SEALs are tasked with delivering the international cabal to justice for the chaos and death unleashed when they created the weaponized virus It s mutated into a monster more lethal than anyone could have guessed but a cure is within reach if the Council can be stopped in time After a devastating attack on the U S Government s ultra secure command center Chad Huntley The Source is desperate for the freedom of anonymity As the most wanted man alive he s trapped deep underground his life ruled once again by scientists His only hope of escape and true freedom lies with an enigmatic double agent named 13 But which side is she on Firestorm is the explosive conclusion to the opening trilogy of the post apocalyptic Wildfire Saga The Shift Marcus Richardson,2015-08-31 America is on the brink of civil war His country under attack and his SEAL Team decimated it s up to Cooper to find a brilliant virologist behind enemy lines in Boston With multinational troops closing in Cooper must use all his skills to bring Dr Boatner to safety The fate of the world depends on it the weaponized virus ravaging America is mutating and time is running out for mankind If he can rescue the scientist victory will be within Cooper s reach when a bold strike deep into Occupied California is proposed The objective to decapitate the North Korean invasion before civil war tears the country apart Cooper and his surviving SEALs will be the tip of the spear they ll get first crack at retribution if they survive the mutating virus Meanwhile Chad Huntley decides on a risky escape from Russian captivity with the help of a beautiful yet dangerous woman named 13 For the first time since The Great Pandemic Chad is master of his own destiny and he s going to reclaim his freedom or die trying The Shift is a full throttle thrill ride through the apocalyptic world of Apache Dawn
