Apec At 20 Recall Reflect Remake:

APEC at 20 K Kesavapany, Hank Lim, 2009 Spanning 20 years of history the achievements of APEC may seem uneventful in the eyes of some observers Yet careful deliberation will point to APEC s many remarkable high points as well as some of the challenges The foundations of APEC were set in place about 40 years ago based on the achievements of the Association of Southeast Asian Nations ASEAN and the Pacific Economic Cooperation Council PECC One of the cornerstones of APEC s vision is to achieve a free and open trade area among its member economies This vision is anchored in the Bogor Goals that remain the centrepiece of the APEC process The Bogor Goals represent a cause for celebration as well as angst Celebration because the region has moved towards achieving a much more liberalized environment of trading and investment since 1989 angst because the deadlines for achieving the goals have not yet been fully realized Today APEC embraces many of the world s dynamic developed and developing economies that are better poised to meet the new challenges of this century For those seeking to get a quick sweep of APEC this book recalls reflects and provides enough food for thought on the possible remake of APEC The chapters are carefully written by experts who have been directly involved in the APEC process one way or another The invaluable insights serve to place the whole APEC process in a balanced perspective yet with candid deliberations APEC Ippei Yamazawa, 2012 APEC is a crucial trans regional arrangement that draws the US into constructive economic engagement with East Asia This book makes it clear why APEC remains such a crucial element of regional economic architecture and defines an agenda doing forward to which regional leaders should aspire

International Economic Law Won-mog Choi, 2015-09-10 This book assesses the past 20 years of development of international economic law in time for the WTO s 20th Anniversary and forecasts the future of international economic law This edited volume brings together experts in the Asia Pacific region from a range of backgrounds to provide perspectives on many issues that arise from the international economic law experience focusing on its legal significance and likely impact on multilateralism The past two decades have seen a significant proliferation of regional trade agreements and a lack of multilateral governance of finance around the world How to respond to these challenges and how to reform the WTO jurisprudence and process to co ordinate global and regional mechanisms have become compelling questions for large scale discussions and systemic analysis This book provides vital insights into just how to improve multilateral trading governance and to recalibrate international economic law in the twenty first century **God Knows Best: Apec Png 2018: My Way** Lahui Ako, 2023-04-10 Lahui Ako a former diplomat and PNG APEC Senior Official recounts the complex difficult and sometimes treacherous path he faced in the world of multilateral diplomacy both by himself and his country when it committed to host and chair APEC in 2018 He tells of the political barriers the diplomatic innuendos the financial hurdles and the organizational complexity he encountered from the planning phases in 2012 right up to being in the cross fire of the nationalistic Trump officials and China s aggressive wolf warrior diplomats where hard choices had to be made in November

Multilateral Asian Security Architecture See Seng Tan,2015-07-16 This book provides a comparative assessment of the material and ideational contributions of five countries to the regional architecture of post Cold War Asia In contrast to the usual emphasis placed on the role and centrality of the Association of Southeast Asian Nations ASEAN in Asia s multilateral architecture and its component institutions this book argues that the four non ASEAN countries of interest here 3 4 Australia Japan China and the United States 3 4 and Indonesia have played and continue to play an influential part in determining the shape and substance of Asian multilateralism from its pre inception to the present The work does not contend that existing scholarship overstates ASEAN s significance to the successes and failures of Asia s multilateral enterprise Rather it claims that the impact of non ASEAN stakeholders in innovating multilateral architecture in Asia has been understated Whether ASEAN has fared well or poorly as a custodian of Asia s regional architecture the fact remains that the countries considered here notwithstanding their present discontent over the state of that architecture are key to understanding the evolution of Asian multilateralism This book will be of much interest to students of Asian politics international organisations security studies and IR more generally
