better understand the religious resurgence's implications for geopolitics Manlio Graziano looks at how the Catholic Church promotes dialogue and action linking world religions and examines how it has used its material financial and institutional strength to gain power and increase its profile in present day international politics Challenging the idea that modernity is tied to progress and secularization Graziano documents the return or the revenge of God in all facets of life He shows that tolerance pluralism democracy and science have not triumphed as once predicted To fully grasp the destabilizing dynamics at work today he argues we must appreciate the nature of religious struggles and political holy wars now unfolding across the international stage

The Longest August Dilip Hiro, 2015-02-24 The partitioning of British India into independent

Pakistan and India in August 1947 occurred in the midst of communal holocaust with Hindus and Sikhs on one side and Muslims on the other. More than 750 000 people were butchered and 12 million fled their homes primarily in caravans of bullock carts to seek refuge across the new border. It was the largest exodus in history. Sixty seven years later it is as if that August never ended. Renowned historian and journalist Dilip Hiro provides a riveting account of the relationship between India and Pakistan tracing the landmark events that led to the division of the sub continent and the evolution of the contentious relationship between Hindus and Muslims. To this day a reasonable resolution to their dispute has proved elusive and the Line of Control in Kashmir remains the most heavily fortified frontier in the world with 400 000 soldiers arrayed on either side. Since partition there have been several acute crises between the neighbors including the secession of East Pakistan to form an independent Bangladesh in 1971 and the acquisition of nuclear weapons by both sides resulting in a scarcely avoided confrontation in 1999 and again in 2002. Hiro amply demonstrates the geopolitical importance of the India Pakistan conflict by chronicling their respective ties not only with America and the Soviet Union but also with China, Israel and Afghanistan. Hiro weaves these threads into a lucid narrative enlivened with colorful biographies of leaders, vivid descriptions of wars, sensational assassinations, gross violations of human rights and cultural signifiers like cricket matches. *The Longest August* is incomparable in its scope and presents the first definitive history of one of the world's longest running and most intractable conflicts.
