### **Apostolic Faith Mission In Zimbabwe Hymn:**

*Multiplying in the Spirit* Ezra Chitando, Masiwa Ragies Gunda, Joachim Kügler, 2014-10-30      **The Self-understanding of African Instituted Churches** Phillip Denhe Mazambara, 1999      *Pentecostalism in Malawi* Ulf Strohhorn, 2005

*Pentecostalism in Malawi* aims to fill a gap in the historiography of Pentecostalism in Malawi by approaching it from historical and theological perspectives. Mostly constructed from oral sources, local histories and interviews conducted in Malawi, South Africa, Zimbabwe and Germany, the book traces the history of the apostolic faith mission from its machona migrant labour beginnings through the spread of the missionaries to its position on the social and religious landscape in the postcolonial period. The work concludes with some reflections on why Pentecostalism has been so successful in Africa.

**Religion and COVID-19 Vaccination in Zimbabwe** Tenson Muyambo, Fortune Sibanda, Ezra Chitando, 2023-10-17. This book analyses the role of religion during the COVID 19 pandemic and vaccination rollout in Zimbabwe. Zimbabwe was listed by the World Health Organization (WHO) as one of thirteen African countries to have fully vaccinated more than 10% of its population against COVID 19 by the end of September 2021, but the country fell far short of the government's own target for achieving 60% inoculation by December 2020. This book analyses whether religion played a role in explaining why the government's pro vaccine stance did not translate into high vaccination rates. Drawing upon various religions including African indigenous religions, Christianity and Islam, the book considers how faith actors demonstrated vaccine acceptance, resistance or hesitancy. Zimbabwe offers a particularly interesting and varied case for analysis, and the original research on display here will be an important contribution to wider debates on religion and COVID 19. This book will be useful to academics, researchers and students studying religious studies, sociology, health and well-being, religion and development.

**Dreams in the African Church** Nelson Osamu Hayashida, 2023-09-20. *Currents of Encounter* invites scholarly contributions that utilize interreligious, intercultural, comparative, postcolonial and other contemporary critical interdisciplinary approaches from across all religious traditions to address topical questions on the challenges and opportunities arising from intercultural, interreligious engagements or the intersections of cultures and religions. Studies dealing explicitly with the dynamics of the intersection of religious and cultural traditions are increasing every year, and scholars have become aware of the complexity and diversity of interreligious and intercultural relations. Recent literature offers a broad panoply of theoretical approaches from theologies of religions to comparative theologies, from discourse analysis to a postcolonial critique focusing on issues of power, from feminist readings asking about the specific role of women in interreligious dialogue to interreligious hermeneutics exploring how meaning may travel across cultural and religious traditions. *Currents of Encounter* welcomes this variety of works in these disciplines and from interdisciplinary perspectives, aiming thus to contribute to a better understanding of the complexities of interreligious and intercultural themes. The board welcomes both monographs and edited volumes. Possible domains: interreligious studies, intercultural theology and philosophy.
