Emily Gets Her Gun Emily Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora the anti gun lobby has launched a campaign of lies distortion misrepresentation and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts Their goal is to take away our Second Amendment rights and then disarm law abiding Americans Emily Miller tells her personal story of how being a single female victim of a home invasion drove her to try to obtain a legally registered gun in Washington D C The narrative sometimes shocking other times hilarious in its absurdity gives the reader a real life understanding of how gun control laws only make it more difficult for honest law abiding people to get guns while violent crime continues to rise Using facts and newly uncovered research Miller exposes the schemes politicians on Capitol Hill in the White House and around the country are using to deny people their Second Amendment rights She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms The gun rights debate isn't just about firearms It's about protecting a fundamental right that is enshrined in the U S Constitution It's about politicians who lie manipulate and outright break existing laws to get what they want It's about President Obama wanting a bigger federal government to control you Not just your guns you The fight for gun rights is the fight for freedom Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go

What We've Become Jonathan M. Metzl, 2024-01-30 A Kirkus Reviews Best Book of 2024 A searing reflection on the broken promise of safety in America When a naked mentally ill white man with an AR 15 killed four young adults of color at a Waffle House Nashville based physician and gun policy scholar Dr Jonathan M Metzl once again advocated for commonsense gun reform But as he peeled back evidence surrounding the racially charged mass shooting a shocking question emerged Did the public health approach he had championed for years have it all wrong Long at the forefront of a movement advocating for gun reform as a matter of public health Metzl has been on constant media call in the aftermath of fatal shootings But the 2018 Nashville killings led him on a path toward recognizing the limitations of biomedical frameworks for fully diagnosing or treating the impassioned complexities of American gun politics As he came to understand it public health is a harder sell in a nation that fundamentally disagrees

about what it means to be safe healthy or free In *What We've Become* Metzl reckons both with the long history of distrust of public health and the larger forces social ideological historical racial and political that allow mass shootings to occur on a near daily basis in America Looking closely at the cycle in which mass shootings lead to shock horror calls for action and ultimately political gridlock he explores what happens to the soul of a nation and the meanings of safety and community when we normalize violence as an acceptable trade off for freedom Mass shootings and our inability to stop them have become more than horrific crimes they are an American national autobiography This brilliant piercing analysis points to mass shootings as a symptom of our most unresolved national conflicts *What We've Become* ultimately sets us on the path of alliance forging racial reckoning and political power brokering we must take to put things right [CQ's Politics in America](#)
