

American Enlightenment Thinkers

- ✧ Enlightenment thinking was realized in a unique way in the developing colonies, however the essential spirit of the enlightenment still resonated across the Atlantic, in the New World.
- ✧ Benjamin Franklin and Thomas Paine, each in their own way, embedded rational thinking in the developing government, society and culture.
- ✧ Enlightenment values led into the Revolutionary war - Individualism.
- ✧ Thomas Paine's "Common Sense" provided an impassioned argument grounded in solid reason for the colonies to separate and seek independence from the British Crown. He coined the demand, "*No Taxation without Representation.*"
