during the Trump administration pleasing some and angering others but almost uniformly raising political tensions at home and abroad The revision includes up to date coverage of the war in Ukraine the US exit from Afghanistan health diplomacy and the response to COVID the resurgence of great power politics and other features of the Biden administration s foreign policy This fully revised thirteenth edition features Updated coverage on the Biden presidency including the US withdrawal from Afghanistan the Russian invasion of Ukraine health diplomacy and the resurgence of great power politics NEW Learning Objectives to frame the expected student outcomes for each chapter Updated On the Agenda formerly Dateline features that open each chapter to set the stage and tie a current policy issue to the chapter content Expanded Critical Thinking Questions at the end of each chapter to engage students in higher order thinking beyond rote memorization An expanded art program including additional tables to engage diverse learning styles
