Filmmakers in Mexico Elissa J. Rashkin,2009-01-27 Women filmmakers in Mexico were rare until the 1980s and 1990s when women began to direct feature films in unprecedented numbers Their films have won acclaim at home and abroad and the filmmakers have become key figures in contemporary Mexican cinema In this book Elissa Rashkin documents how and why women filmmakers have achieved these successes as she explores how the women's movement film studies programs governmental film policy and the transformation of the intellectual sector since the 1960s have all affected women's filmmaking in Mexico After a historical overview of Mexican women's filmmaking from the 1930s onward Rashkin focuses on the work of five contemporary directors Marisa Sistach Busi Cortés Guita Schyfter María Novaro and Dana Rotberg Portraying the filmmakers as intellectuals participating in the public life of the nation Rashkin examines how these directors have addressed questions of national identity through their films replacing the patriarchal images and stereotypes of the

The Man Who Ate Too Much John Birdsall, 2020-10-06 A Finalist for the 2022 James Beard Foundation Cookbook Award Writing The definitive biography of America's best known and least understood food personality and the modern culinary landscape he shaped In the first portrait of James Beard in twenty five years John Birdsall accomplishes what no prior telling of Beard's life and work has done He looks beyond the public image of the Dean of American Cookery to give voice to the gourmet's complex queer life and in the process illuminates the history of American food in the twentieth century At a time when stuffy French restaurants and soulless Continental cuisine prevailed Beard invented something strange and new the notion of an American cuisine Informed by previously overlooked correspondence years of archival research and a close reading of everything Beard wrote this majestic biography traces the emergence of personality in American food while reckoning with the outwardly gregarious Beard's own need for love and connection arguing that Beard turned an unapologetic pursuit of pleasure into a new model for food authors and experts Born in Portland Oregon in 1903 Beard would journey from the pristine Pacific Coast to New York's Greenwich Village by way of gay undergrounds in London and Paris of the 1920s The failed actor turned Manhattan canap hawker turned author and cooking teacher was the jovial bachelor uncle presiding over America's kitchens for nearly four decades In the 1940s he hosted one of the first television cooking shows and by flouting the rules of publishing would end up crafting some of the most expressive cookbooks of the twentieth century with recipes and stories that laid the groundwork for how we cook and eat today In stirring novelistic detail *The Man Who Ate Too Much* brings to life a towering figure a man who still represents the best in eating and yet has never been fully understood until now This is biography of the highest order a book about the rise of America's food written by the celebrated writer who fills in Beard's life with the color and meaning earlier generations were afraid to examine

La Raza Cosmética Natasha Varner, 2020-10-06 In the decades following the Mexican Revolution nation builders artists and intellectuals manufactured ideologies that continue to give shape to popular understandings of

indigeneity and mestizaje today Postrevolutionary identity tropes emerged as part of broader efforts to reunify the nation and solve pressing social concerns including what was posited in the racist rhetoric of the time as the Indian problem Through a complex alchemy of appropriation and erasure indigeneity was idealized as a relic of the past while mestizaje was positioned as the race of the future This period of identity formation coincided with a boom in technology that introduced a sudden proliferation of images on the streets and in homes there were more photographs in newspapers movie houses cropped up across the country and printing houses mass produced calendar art and postcards La Raza Cosm tica traces postrevolutionary identity ideals and debates as they were dispersed to the greater public through emerging visual culture Critically examining beauty pageants cinema tourism propaganda photography murals and more Natasha Varner shows how postrevolutionary understandings of mexicanidad were fundamentally structured by legacies of colonialism as well as shifting ideas about race place and gender This interdisciplinary study smartly weaves together cultural history Indigenous and settler colonial studies film and popular culture analysis and environmental and urban history It also traces a range of Indigenous interventions in order to disrupt top down understandings of national identity construction and to people this history with voices that have all too often been entirely ignored

Our Country/Whose Country? Richard Abel, 2023 The concept of settler colonialism offers an invaluable lens to reframe early westerns and travel pictures as re enactments of the United States repressed past Westerns in particular propose a remarkable vision of white settlers westward expansion that reveals a transformation in what American Progress came to mean Initially these films tracked settlers moving westward across the Appalachians Great Plains and Rockies Their seizure of empty land provoked continual resistance from Indigenous peoples and Mexicans pioneers suffered extreme hardships but heroic male figures usually scattered or wiped out those aliens Some films indulged in nostalgic empathy for the Indian as a Vanishing American In the early 1910s westerns became increasingly popular In Indian pictures Native Americans ranged from devious savages victims of white violence and Noble Savages to in between figures caught between cultures and mixed descent peoples partnered for security or advantage Mexicans took positions across a similar spectrum In cowboy and cowgirl films ordinary whites became heroes and heroines fighting outlaws and bandits like Broncho Billy underwent transformation into good badmen The mid to late 1910s saw a shift as Indian pictures and cowgirl films faded and male figures embodied by movie stars dominated popular series In different ways William S Hart and Harry Carey reinvented the good badman as a stoic if troubled figure of white masculinity In cowboy films of comic romance Tom Mix engaged in dangerous stunts and donned costumes that made him a fashionable icon In parodies Douglas Fairbanks subverted the myth of American Progress sporting a nonchalant grin of effortless self confidence Nearly all of their films assumed firmly settled white communities rarely threatened by Indians or Mexicans Masked as Manifest Destiny the expropriation of the West seemed settled once and for all Our Country Whose Country offers a rich and expansive examination of the significance of early westerns and travel pictures in the ideological foundations of

our country **Lupe Velez** Michelle Vogel, 2012-07-24 Here is the first extensive full length biography and career record on the life and work of Mexican whirlwind Lupe Velez 1908 1944 Over the years many crude myths have surfaced about Velez the most notorious that she died with her head in the toilet This biography not only studies Lupe s personal life and career including her tempestuous marriage to Johnny Weissmuller but also examines her death in detail It has been almost seven decades since her untimely end at long last the ugly rumors and myths are debunked for good Included are never before told family stories and photographs from Lupe s second cousin and an analysis of the actress s lasting influence on popular culture The foreword by Oscar winning film historian Kevin Brownlow focuses on the fact and fancy behind Lupe Velez s colorful public image
