Breast Cancer Society Shapes An Epidemic:

Breast Cancer NA NA,2002-02-26 Breast Cancer Society Shapes an Epidemic provides an innovative look at the social and political contexts of breast cancer and examines how this illness has become a social problem This is not a book about breast cancer as a biological disease its diagnosis and treatment or the latest research to cure it Rather it looks at how economics politics gender social class and race ethnicity have deeply influenced the science behind breast cancer research spurred the growth of a breast cancer industry generated media portrayals of women with the disease and defined and influenced women s experiences with breast cancer The contributors address the social construction of breast cancer as an illness and as an area of scientific controversy advocacy and public policy Chapters on the history of breast cancer the health care system the environment and the marketing of breast cancer among others tease apart the complex social forces that have shaped our collective and individual responses to breast cancer Breast Cancer Anne S. Kasper,Susan J.

Ferguson,Susan M. Love,2000 Explores how health advocacy movements the media research science and other trends are changing society s perceptions of breast cancer and strengthening political and economic support of the disease **Breast Cancer** NA NA,2016-09-23 Breast Cancer Society Shapes an Epidemic provides an innovative look at the social and political contexts of breast cancer and examines how this illness has become a social problem This is not a book about breast cancer as a biological disease its diagnosis and treatment or the latest research to cure it Rather it looks at how economics politics gender social class and race ethnicity have deeply influenced the science behind breast cancer research spurred the growth of a breast cancer industry generated media portrayals of women with the disease and defined and influenced women s experiences with breast cancer The contributors address the social construction of breast cancer as an illness and as an area of scientific controversy advocacy and public policy Chapters on the history of breast cancer the health care system the environment and the marketing of breast cancer among others tease apart the complex social forces that have shaped our collective and individual responses to breast cancer **The Biopolitics of Breast Cancer** Maren Klawiter,2008 For nearly forty years feminists and patient activists have argued that medicine is a deeply individualizing and depoliticizing institution According to this view medical practices are incidental to people s transformation from patients to patient activists The Biopolitics of Breast Cancer turns this understanding upside down Maren Klawiter analyzes the evolution of the breast cancer movement to show the broad social impact of how diseases come to be medically managed and publicly administered Examining surgical procedures adjuvant therapies early detection campaigns and the rise in discourses of risk Klawiter demonstrates that these practices created a change in the social relations if not the mortality rate of breast cancer that initially inhibited but later enabled collective action Her research focuses on the emergence and development of new forms of activism that range from grassroots patient empowerment to environmental activism and corporate funded breast cancer awareness The Biopolitics of Breast Cancer opens a window onto a larger set of changes currently transforming medically

advanced societies and ultimately challenges our understanding of the origins politics and future of the breast cancer movement Maren Klawiter holds a PhD in sociology from the University of California Berkeley She is currently pursuing a law degree at Yale University

The Voice of Breast Cancer in Medicine and Bioethics Mary C. Rawlinson, Shannon Lundeen, 2006-07-15 Few diseases have made more difference to our understanding of illness the relation of the patient to the physician and other health care professionals and the social context of disease than breast cancer Breast cancer activism has provided a model of public policy advocacy for women as well as for sufferers from other diseases and even in causes unrelated to health In many ways it has become emblematic of issues in women s health This volume offers a discursive analysis of breast cancer From multiple perspectives historical philosophical psychological socio political these essays explore the competing narratives that have made breast cancer a contested site It addresses debates about the autonomy of the patient in relation to the authority of the physician as well as the importance of patient narratives in understanding disease It analyzes the relation between the community and medical practice particularly with regard to the effect of breast cancer activists and feminists on the medical understanding and treatment of breast cancer And it questions the intersection of medical science with political institutions and agencies of public policy in determining priorities of research and strategies of treatment

The Public Shaping of Medical Research Peter Wehling, Willy Viehöver, Sophia Koenen, 2014-11-27 Bringing together an international selection of leading scholars and representatives from patients organizations this comprehensive collection explores the interaction between civil society groups and biomedical science technology development and research politics This volume is an important reference for academics and researchers with an interest in the sociology of health and illness science and technology studies the sociology of knowledge or healthcare management and research as well as medical researchers and those involved with health related civil society organizations

Breast Cancer and the Post-Surgical Body S. Crompton, 2006-04-13 An examination of surgical breast reconstruction which establishes a strong link between on the one hand the personal feelings and actions of women with breast cancer and on the other powerful discourses and practices of the breast cancer movement

The Cultural Politics of Femvertising Joel Gwynne, 2022-05-18 This book addresses the merits and limitations of femvertising explores the operations of advertising and commodity feminism in a global context and presents case studies from Anglo American South American and East Asian national contexts The range of topics include the femvertising of beauty products contraception lingerie breast cancer awareness financial services and corporate branding Focusing on the ways in which neoliberalism and postfeminism interact with foundational issues of feminist politics the chapters in this book situate global femvertising as a complex and exciting advertising strategy which holds the potential for social change amidst an uneasy cohabitation with capitalism and commercial culture

The Breast Cancer Wars Barron H. Lerner, 2003 Chronicles the various campaigns waged against breast cancer and its effects on women during the last century

The Sociology of Health and Illness Peter Conrad, 2009 A text that brings a critical and conceptual sociological

orientation to bear on the issues underlying the current health care crisis and on proposed changes in the health system
