American Grand Strategy in the Mediterranean during World War II Andrew Buchanan, 2016-08-04 This book offers a thorough reinterpretation of US engagement with the Mediterranean during World War II Andrew Buchanan argues that the United States was far from being a reluctant participant in a peripheral theater and that Washington had a major grand strategic interest in the region By the end of the war the Mediterranean was essentially an American lake and the United States had substantial political and economic interests extending from North Africa via Italy and the Balkans to the Middle East This book examines the military diplomatic and economic processes by which this hegemonic position was assembled and consolidated It discusses the changing character of the Anglo American alliance the establishment of post war spheres of influence the nature of presidential leadership and the common interest of all the leaders of the Grand Alliance in blocking the development of potentially revolutionary movements emerging from the chaos of war occupation and economic breakdown

The Last 100 Days David B. Woolner, 2017-12-12 A revealing portrait of the end of Franklin Delano Roosevelt's life and presidency shedding new light on how he made his momentous final policy decisions The first

hundred days of FDR's presidency are justly famous often viewed as a period of political action without equal in American history Yet as historian David B. Woolner reveals the last hundred might very well surpass them in drama and consequence Drawing on new evidence Woolner shows how FDR called on every ounce of his diminishing energy to pursue what mattered most to him the establishment of the United Nations the reinvigoration of the New Deal and the possibility of a Jewish homeland in Palestine We see a president shorn of the usual distractions of office a man whose sense of personal responsibility for the American people bore heavily upon him As Woolner argues even in declining health FDR displayed remarkable political talent and foresight as he focused his energies on shaping the peace to come
