first with releasing ourselves from the very grip that more often than not keeps us stuck anxiety fear victimization poor choices unhappiness and toxic relationships With new definitions of these concepts new perceptions give rise to new lives For all those both seeking and willing to shed a little light on their darkness this personal yet universal journey can transform a world of darkness into a world of optimism gratitude happiness and abundance And by applying the knowledge within you'll realize that the keys to success and happiness were qualities you already possessed that just needed to be brought to light with the power of your thoughts
