Bridge Profitable Principles Joe Blatnick:

Bridge: Oddz and Endz Joe Blatnick, 2013-03-29 Bridge books on all aspects of the game are plentiful. However, many times reference is made to a specific technique, a rule, a law, different terms, and their definitions. This book tries to explain those guidelines of the game which many players have not heard of, don't understand, or ignore to their own detriment. It's not really meant as a complete treatment of any aspect of bridge. It simply tries to touch on some Oddz and Endz of the game which may need clarification to some and learning to others. Basically, the book tries to clarify some of those points which you've heard only fleetingly or have left you puzzled when reading something about the game. **Bridge** Joe

Blatnick, 2015-12-07 There is no shortage of bridge books out there. And a good number of them are tips. These books run the gamut from evaluation to bidding to declarer play and to defence. They are all helpful to the beginner player and to the experienced as well. Even an expert can pick up a useful tidbit here or there. Jack Nicklaus, one of golf's legends, was quoted: "Don't be too proud to take a lesson I'm not." So why should you choose to read this book? Because of the presentation. The tips are categorized as they are alluded to above. Headings are philosophical and also apply to other walks of life. As well, some humorous advice is given by the Bridge Philosopher. We learn much more completely if we have fun doing it. Read and enjoy.
