Applied Christian Ethics Foundations Economic Justice And Politics:

Applied Christian Ethics Matthew Lon Weaver, 2014-09-09 *Applied Christian Ethics* addresses selected themes in Christian social ethics. The book is divided in three parts. In the first section, Foundation, several contributors reveal their Christian realist roots and discuss the prophetic origins and multifarious agenda of social ethics. Thus the names of Reinhold Niebuhr and Paul Tillich come up frequently. In the second section, Economics and Justice, the focus turns to the different levels at which economics has significance for social justice. These chapters discuss fair housing at the local level, the dialogue between Christians and Native Americans over property rights at the regional and national levels, and trade and international organization. In the third and final section, Politics, War and Peacemaking, the content ranges from the existential experience of a soldier to that of a veteran of civil rights activism, from theorizing about peacemaking to commenting on the use of drones.

The Political Crisis and Christian Ethics Ronald H. Stone, 2023-09-26 *The Political Crisis and Christian Ethics* addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president. The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020. Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought. It is developed further in the political theory of

Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead's philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy

Retrieving the Radical Tillich Russell Re Manning, 2016-01-26 Paul Tillich is best known today as a theologian of mediation Many have come to view him as an out of date thinker a safe exemplar of a mid twentieth century theological liberalism The way he has come to be viewed contrasts sharply with the current theological landscape one dominated by the notion of radicality In this collection Russell Re Manning breaks with the widespread opinion of Tillich as safe and dated Retrieving the Radical Tillich depicts the thinker as a radical theologian strongly marked but never fully determined by the urgent critical demands of his time From the crisis of a German cultural and religious life after the First World War to the new realities of religious pluralism Tillich's theological responses were always profoundly ambivalent impure and disruptive asserts Re Manning The Tillich that is outlined and analyzed by this collection is never merely correlative Far from the dominant image of the theologian as a liberal accommodationist Re Manning reintroduces the troubled and troubling figure of the radical Tillich

Theories of Social and Economic Justice André Johannes Van der Walt, 2005-08-01 The bulk of the contributions in this publication originated in a research project initiated by the Stellenbosch Institute for Advanced Study STIAS in 2002 The book is based on the idea that the attainment of greater social and economic justice specifically in the South African context is strongly influenced by the implications and the coherence of various theories of social and economic justice

Basic Income in Korea and Beyond Mee-Hyun Chung,2023-02-08 This book shows that basic income is a powerful tool for realizing economic justice in our modern society Through an interdisciplinary investigation of basic income in Korea involving theological and social scientific perspectives the book covers the topic of basic income on an academic basis an economic basis and in terms of its institutionalization potential Although modern society is a global one centered on the economic ideology of neo liberalism the negative effects of social polarization caused by this are quite severe It is also urgent to come up with alternative solutions to the problems of labor reduction and wage labor Moreover the expansion of productivity through collaboration between humans and artificial intelligence also presents a challenge An interdisciplinary study on the meaning and restructuring of labor is therefore needed This book traces themes supporting the concept of basic income appearing in the Old and New Testaments as well as precedents relating to basic income in the context of capitalism in the thought of the Reformers Within the framework of Christian ethics the book looks at the ideological basis for basic income and its applicability to the current situation in order to pursue economic justice Additionally the book examines the practical feasibility and rationale for basic income by discussing the economics of basic income financing and the political economy implications for how it can be applied to real politics
