Autobiography Of A Tree:

Nelson English International Student Book 4 John Jackman, Wendy Wren, 2000-03-20 Nelson English International teaches the skills and craft of quality writing catering for the 6-12 year age range and provides a six year programme of study. It is easily managed in the classroom with three components at each level: a Student Textbook, a Student Workbook and a Teacher Resource Book.

Comics of the Anthropocene José Alaniz, 2025-06-18 Since the first Earth Day in 1970, how have US comics artists depicted the human caused destruction of the natural world? How do these representations manifest in different genres of comics like superheroes, biography, underground comix and journalism? What resources unique to the comics medium do they bring to their tasks? How do these works resonate with the ethical and environmental issues raised by global conversations about the anthropogenic sixth mass extinction and climate change? How have comics mourned the loss of nature over the last five decades? Are comics ecological objects in philosopher Timothy Morton's parlance? Weaving together insights from comics studies, environmental humanities, critical animal studies and affect studies to answer these questions, *Comics of the Anthropocene: Graphic Narrative at the End of Nature* explores the representation of animals, pollution, mass extinctions and climate change in the Anthropocene Era, our current geological age of human induced environmental transformation around the globe. Artists and works examined in *Comics of the Anthropocene* include R. Crumb, Don McGregor et al's Black Panther, Jack Kirby's Kamandi, *The Last Boy on Earth*, the comics of the Pacific Northwest and Stephen Murphy and Michael Zulli's landmark alternative series *The Puma Blues*. This book breaks new ground in confronting our most daunting modern crisis through a discussion of how graphic narrative has uniquely addressed the ecology issue.

Unbridling the Tongues of Women Susan Magarey, 2010 Catherine Helen Spence was a charismatic public speaker in the late nineteenth century, a time when women were supposed to speak only at their own firesides. She was carving a new path into the world of public politics along which other women would follow in the first Australian colony to win votes for women.

In this fascinating memoir, the author and publisher Roberto Calasso meditates on the art of book publishing. Recalling the beginnings of Adelphi in the 1960s, he touches on the Italian house's defining qualities, including the considerations involved in designing the successful Biblioteca series and the strategy for publishing a wide range of authors of high literary quality, as well as the historic critical edition of the works of Nietzsche. With his signature erudition and polemical flair, Calasso transcends Adelphi to look at the publishing industry as a whole, from the essential importance of graphics, jackets and cover flaps to the consequences of universal digitization. And he outlines what he describes as the most hazardous and ambitious profile of what a publishing house can be.

a book comprising many books a form in which all the books published by a certain publisher could be seen as links in a single chain a conception akin to that of other twentieth century publishers from Giulio Einaudi to Roger Straus of whom the book offers brief portraits An essential book for writers readers and editors The Art of the Publisher is a tribute to the elusive yet profoundly relevant art of making books Anti-Blackness at School Joi A. Spencer, Kerri Ullucci, Tyrone C. Howard, 2022 While schools often are framed as places of neutrality and fairness many American schools have harmed Black children or been silent in the face of their struggles under education and mistreatment While there are undoubtedly adults in these spaces who support Black children many others ignore Black families minimize students concerns and believe that colorblindness will solve the problem of inequity in education Embedded in everyday realities the authors outline the many ways anti Blackness shows up in schools Drawing on more than 44 years of equity work they provide concrete doable and meaningful ways in which teachers and administrators can create Black affirming spaces Written for pre and in service teachers and others working with Black children and youth Anti Blackness at School explores both the scope of anti Blackness and how teachers can reject racism Book Features Provides interracial perspectives from authors Joi Spencer a Black woman from California and Kerri Ullucci a White woman from Rhode Island Uses case studies activities lessons and techniques to talk about anti Blackness inventory its presence and take steps to address the harm caused by it Calls out how school policies programs belief systems and customs are particularly hostile to Black youth Explains why diversity work is not synonymous with antiracist work offering a model focused on justice and equity Directs practitioners to easily accessible resources that will allow them to challenge racism and uplift Black youth in their care
