culture dominated by science are some of the factors that have placed extreme pressure on all religious traditions. This has stimulated unprecedented responses by religious groups ranging from fundamentalism to the syncretistic search for meaning. As religion takes on new forms, the balance between individual and community is disrupted and reconfigured. Religions often lose the capacity to recall their ultimate purpose or lead their adherents toward it. This is the situation we call the crisis of the holy. It is a confluence of threats, challenges, and opportunities for all religions. This volume explores the contours of pressures, changes, and transformations and reflects on how all our religions are changing. By identifying commonalities across religions as they respond to these pressures, *The Crisis of the Holy* recommends ways religious traditions might cope with these changes and how they might join forces in doing so. Contributors: Vincent J. Cornell, Alon Goshen-Gottstein, Sidney H. Griffith, Maria Reis Habito, B. Barry Levy, Deepak Sarma, Michael von Brück. ABOUT VOLUME FIVE: The chapters collected in this book, prepared by a think tank of the Elijah Interfaith Academy, address the subject of religious leadership. The subject is of broad relevance in the training of religious leaders and in the practice of religious leadership. As such, it is also germane to religious thought where reflections on religious leadership occupy an important place. What does it mean to be a religious leader in today's world? To what degree are the challenges that confront religious leadership today the same perennial challenges that have arrested the attention of the faithful and their leaders for generations, and to what degree do we encounter challenges today that are unique to our day and age? One dimension is surely unique, and that is the very ability to explore these issues from an interreligious perspective and to consider challenges, opportunities, and strategies across religious traditions. Studying the theme across six faith traditions: Christianity, Islam, Judaism, Sikhism, Hinduism, and Buddhism. *The Future of Religious Leadership: World Religions in Conversation* recognizes the common challenges to present-day religious leadership. Contributors: Awet Andemicael, Timothy J. Gianotti, Alon Goshen-Gottstein, Anantanand Rambachan, Maria Reis Habito, Meir Sendor, Balwant Singh Dhillon, Miroslav Volf. VOLUME SIX: One of the biggest challenges for relations between religions is the view of the religious Other. The question touches the roots of our theological views. *The Religious Other: Hostility, Hospitality, and the Hope of Human Flourishing* explores the views of multiple religious traditions on how to regard otherness. How does one move from hostility to hospitality? How can hospitality be understood, not simply as social hospitality but as theological hospitality, making room for the religious Other on theological grounds? What is our vision for the flourishing of the Other while respecting his otherness? This volume is an exercise in constructive interreligious theology. By including Abrahamic and non-Abrahamic traditions, it approaches these challenges from multiple perspectives, highlighting commonalities in approach and ways in which one tradition might inspire another. Contributors: Vincent J. Cornell, Alon Goshen-Gottstein, Richard P. Hayes, Lord Rabbi Jonathan Sacks, Deepak Sarma, Stephen W. Sykes, Dharma Master Hsin Tao, Ashok Vohra. **A Global Church History** Steven D. Cone, Robert F. Rea, 2019-09-05. How did the Christian Church originate? Koinonia and the Quest for an Ecumenical Ecclesiology Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally
