What Matters Now Gary Hamel, 2012-01-04 This is not a book about one thing It s not a 250 page dissertation on leadership teams or motivation Instead it s an agenda for building organizations that can flourish in a world of diminished hopes relentless change and ferocious competition This is not a book about doing better It s not a manual for people who want to tinker at the margins Instead it s an impassioned plea to reinvent management as we know it to rethink the fundamental assumptions we have about capitalism organizational life and the meaning of work Leaders today confront a world where the unprecedented is the norm Wherever one looks one sees the exceptional and the extraordinary Business newspapers decrying the state of capitalism Once innovative companies struggling to save off senescence Next gen employees shunning blue chips for social start ups Corporate miscreants getting pilloried in the blogosphere Entry barriers tumbling in what were once oligopolistic strongholds Hundred year old business models being rendered irrelevant overnight Newbie organizations crowdsourcing their most creative work National governments lurching towards bankruptcy Investors angrily confronting greedy CEOs and complacent boards Newly omnipotent customers eagerly wielding their power Social media dramatically transforming the way human beings connect learn and collaborate Obviously there are lots of things that matter now But in a world of fractured certainties and battered trust some things matter more than others While the challenges facing organizations are limitless leadership bandwidth isn t That s why you have to be clear about what really matters now What are the fundamental make or break issues that will determine whether your organization thrives or dives in the years ahead Hamel identifies five issues that are paramount values innovation adaptability passion and ideology In doing so he presents an essential agenda for leaders everywhere who are eager to move from defense to offense reverse the tide of commoditization defeat bureaucracy astonish their customers foster extraordinary contribution capture the moral high ground outrun change build a company that s truly fit for the future Concise and to the point the book will inspire you to rethink your business your company and how you lead

The Evangelicals You Don't Know Tom Krattenmaker, 2013-04-26 So you have a problem with evangelical Christians Which ones These are the provocative questions Tom Krattenmaker poses to his fellow progressives in The Evangelicals You Don t Know He challenges stereotypes about evangelical Christians and introduces readers to a movement of new evangelicals who are bringing forth a non partisan expression of evangelicalism and creating opportunities for alliances and partnerships to advance the common good Krattenmaker argues that cultural fault lines no longer divide the religious from the secular or the evangelicals from everyone else Rather the lines that matter now run between the fundamentalist culture warriors of both the left and right on one side and on the other the good doers of any faith or none who want to work together to solve our society s problems and introduce a new civility and decency to our shared national life Krattenmaker is one of the best informed non evangelicals writing about evangelicalism in American public life He offers interesting stories intriguing character sketches and incisive

writing in his readable and engaging book *Recounting* the findings and insights gleaned from his many years of engagement with evangelical America he draws conclusions sure to surprise challenge and even inspire non evangelicals who had written off this controversial and influential faith movement *The Evangelicals You Don t Know* offers a refreshing alternative to narratives that pay attention only to aspects of evangelicalism that are most distasteful and threatening to secular progressives and liberal religionists providing instead a hopeful introduction to promising new currents rising among theologically conservative Christians Godwired Rachel Wagner,2012-03-12 *Godwired* offers an engaging exploration of religious practice in the digital age It considers how virtual experiences like stories games and rituals are forms of world building or cosmos construction that serve as a means of making sense of our own world Such creative and interactive activity is arguably patently religious This book examines the nature of sacred space in virtual contexts technology as a vehicle for sacred texts who we are when we go online what rituals have in common with games and how they work online what happens to community when people worship online how religious worlds and virtual worlds nurture similar desires Rachel Wagner suggests that whilst our engagement with virtual reality can be viewed as a form of religious activity today s virtual religion marks a radical departure from traditional religious practice it is ephemeral transient rapid disposable hyper individualized hybrid and in an ongoing state of flux **Ski** ,1989-12 **Ski** ,1990-02 *Ski* ,1990-03 **Ski** ,1990-01

This Is Our Time Trevin Wax,2017-03-01 Uncertain Confused Overwhelmed Many Christians feel bombarded by the messages they hear and the trends they see in our rapidly changing world How can we resist being conformed to the pattern of this world What will faithfulness to Christ look like in these tumultuous times How can we be true to the gospel in a world where myths and false visions of the world so often prevail In *This is Our Time* Trevin Wax provides snapshots of twenty first century American Life in order to help Christians understand the times By analyzing our common beliefs and practices smartphone habits entertainment intake and our views of shopping sex marriage politics and life s purpose Trevin helps us see through the myths of society to the hope of the gospel As faithful witnesses to Christ Trevin writes we must identify the longing behind society s most cherished myths what is good true beautiful expose the lie at the heart of these myths what is false and damaging and show how the gospel tells a better story one that exposes the lie but satisfies the deeper longing
