Application Form For Cput 2015:

Process Engineering Renewal 1 Éric Schaer, Jean-Claude André, 2020-06-16 Process engineering emerged at the beginning of the 20th Century and has become an essential scientific discipline for the matter and energy processing industries Its success is incontrovertible with the exponential increase in techniques and innovations Rapid advances in new technologies such as artificial intelligence as well as current societal needs sustainable development climate change renewable energy the environment are developments that must be taken into account in industrial renewal Process Engineering Renewal 1 the first volume of three focuses on training demonstrating the need for innovation in order for the field to have a framework that is sustainable in a highly changeable world Technical and Vocational Teaching in South Africa Reuben Dlamini, Ian Moll, Vasidevan Naiker, 2024-07-23 This book unpacks the notion of pedagogy in South African technical and vocational education and training TVET enhancing the importance of the psychological dimension of learning The book is premised on the idea that as stories of actual grounded teaching and learning practices emerge from South African colleges a coherent picture of pedagogy can be established With chapters by practising TVET educators writing about their own work the volume seeks to reconceptualise vocational teaching and learning processes with diversity and inclusivity in mind The book will be of interest to students and scholars of TVET and education in South Africa as well as South African college practitioners and policymakers **The Transformative Power of Language** Russell H. Kaschula, H. Ekkehard Wolff, 2020-09-10 Language has played a pivotal role in societal transformation in postcolonial Africa towards the creation of globally competitive knowledge societies however so far this role has been under researched and under estimated This volume addresses this gap in the literature by bringing together a team of globally recognised scholars to explore the effect of language on African postcolonial societies and how it has contributed to achieving mental decolonisation A range of languages are explored both imported ex colonial and indigenous African and case studies from different spheres of public discourse are investigated from universities to legal settings Demonstrating that multilingualism is a resource for rather than barrier to successful transformation this book brings the intellectualisation and institutionalisation of African languages to the forefront of development discourse and provides an insightful snap shot of how current academic research public discourse political activism and social community engagement have contributed to societal transformation in South Africa **Inclusive Education in South African Further and Higher Education** Tsedisio Michael Makoele, Cina P. Mosito, 2025-05-26 A historical overview of the evolution of inclusive education alongside the emergence of concepts such as of equity and access highlighting how these ideas have evolved been enacted and practiced in the higher education institutions HEIs of South Africa since 2001 *ICTR 2022 5th International Conference on Tourism Research* Cândida Silva, Mónica Oliveira, Susana Silva, 2022-05-19 Telling Stories of Pain and Hope Mary Elizabeth Lange, Ruth Teer-Tomaselli, 2024-06-07 The histories of South Africa and Ireland have been tumultuous and traumatic Both countries

have experienced political repression sectarian violence and oppression that still impact the spiritual well being of people today Their parallel histories are of colonialism displacement and division and a fight for land and sovereignty Both countries have embarked on a process of healing and reconciliation yet there is an ongoing struggle for reparation and or reversal of previous injustices Recognising that museums of the 21st century have the potential to contribute to catharsis and mutual understanding this book reflects on selected museums in South Africa and Ireland that commemorate the pain of the past and the hope for the future The primary focus of the book is the way in which museum guides curators and managers share their stories and the stories of their ancestors and the stories of other people s ancestors who were caught up in the conflict while interweaving the stories of the authors as well Print edition not for sale in Sub Saharan Africa **Telling Stories**

Differently Janet Condy,2015-09-01 The aim of this book is to share a relatively loose collection of studies using digital storytelling as a pedagogical tool in Cape Peninsula University of Technology CPUT The book takes an informed social justice approach to teaching and learning at the heart of which is the exploration of DST as a practice of voice and agency Voice and agency are important in excavating and recovering subjugated identities and moving the concerns of those occupying subaltern spaces to the mainstream of teaching and learning Yet this discursive shift is not without inherent challenges Multi modal technologies are reflective of wider inequities in the so called technological divide Whilst this is a book about higher education there are important lessons for schooling On the one hand the book is a powerful demonstration of the potential of DST for enhancing learning in schools particularly in schools serving the poor and marginalised On the other hand improving teaching and learning in higher education through the creative use of technology is essential to overcome the learning challenges of those entering tertiary level institutions **Doctoral education in context** Jan Botha,Liezel Frick,Nompilo

Tshuma,2025-09-29 Doctoral Education in Context Perspectives from Africa shares lived experiences and insights of doctoral supervisors from 16 different countries in Africa The book s originality lies also in the contributors profiles as practicing novice doctoral supervisors All of them graduated from the Training Course for Supervisors offered by the Centre for Research on Evaluation Science and Technology CREST at Stellenbosch University in South Africa with the support of the German Academic Exchange Service DAAD German Rectors Conference HRK through the DIES Programme The authors commitment to doctoral supervision in their particular context is shown in each chapter Many edited volumes bring together the voices of often established researchers in this book we hear first hand the voices of novice supervisors who are willing to learn and share their insights and experiences in doctoral supervision This perspective makes the unique strength and originality of the book This book is for anyone involved in the research and practice of doctoral supervision in Africa and the global context Readers and doctoral supervisors outside Africa will learn much about the challenging world of doctoral supervision in Africa minds Library Staffing for the Future Samantha Schmehl Hines,Marcy Simons,2015-12-09 This

latest volume contains approaches from researchers around the world The chapters explore such issues as skills building and

other professional development activities changing demographic profiles of staff changing modes of resource provision succession planning remote work and planning for Linked Data

Materials and Sustainability Julia L Freer Goldstein, Paul Foulkes-Arellano, 2024-04-12 This book examines sustainable manufacturing from the extraction of materials to processing use and disposal and argues that significant changes in all of the above are needed for the world to progress toward a more circular economy Materials and processing methods are usually chosen with performance as the key metric Why has our society embraced plastics Because they work In most cases they are lighter easier to manufacture and less expensive than the metal wood glass or stone they have replaced Why do industrial manufacturers use toxic chemicals Because they are effective but the unintended consequences may be severe By learning how various materials are made and what happens when they are recycled readers will better understand the value of materials and the challenges that manufacturers face when trying to make their facilities and products less toxic and less wasteful The three chapters in Part I provide essential background about materials in the circular economy chemicals and waste Part II delves into specific materials It includes chapters on plastics metals wood and paper products glass and novel materials Part III covers recycling and manufacturing processes and Part IV delves into practical considerations including the effect of regulations concluding with a chapter that helps readers translate the information presented into action Interviews with industry experts round out the chapters and offer valuable insights Materials and Sustainability is a must read for business professionals who are serious about making their companies as environmentally responsible as possible and for business and engineering students who want to begin their careers with practical knowledge about materials and their impacts
