Application Form Of University Of Mpumalanga 2015:

Democracy, Leadership and Governance - Application of Artificial Intelligence K. Gireesan, Jos

Chathukulam, 2024-10-10 In today's rapidly evolving political landscape the intersection of democracy leadership and governance with artificial intelligence AI has become a focal point for academic inquiry and practical explorations This book is a machine generated literature overview that explores the opportunities challenges and impacts of integrating AI technologies in democratic processes leadership dynamics and sustainable governance Through a collection of thought provoking chapters readers will gain insights into the transformative potential of AI that revisits the tenets of deliberative democracy redefines leadership roles and rejuvenates public service delivery This volume offers a comprehensive exploration of the processes and practices of democratic decision making leadership development and sustainable governance It serves as a valuable resource to academics policymakers and practitioners navigating through the concepts dimensions and praxis of democracy leadership and governance It is an important value addition to the body of knowledge and paves the way for informed decision making and responsible application of digital technologies for good governance *Flocking Together: An*

Indigenous Psychology Theory of Resilience in Southern Africa Liesel Ebersöhn, 2019-07-03 This book describes how those individuals who are often most marginalised in postcolonial societies draw on age old non western knowledge systems to adapt to the hardships characteristic of unequal societies in transformation It highlights robust indigenous pathways and resilience responses used by elders and young people in urban and rural settings in challenging Southern African settings South Africa Namibia Lesotho and Swaziland to explain an Indigenous Psychology theory Flocking rather than fighting fleeing freezing or fainting is explained as a default collectivist collaborative and pragmatic social innovation to provide communal care and support when resources are constrained and needs are par for the course Flocking is used to address amongst others climate change drought and energy use in particular lack of household income and securing livelihoods food and nutrition chronic disease specifically HIV AIDS and tuberculosis barriers to access services education healthcare social welfare support as well as leisure and wellbeing The book further deliberates whether the continued use of such an entrenched socio cultural response mollifies citizens and decision makers into accepting inequality or whether it could also be used to spark citizen agency and disrupt longstanding structural disparities Green Economy in the Transport Sector

John Ogony Odiyo, Peter Bitta Bikam, James Chakwizira, 2021-12-08 This open access book is interdisciplinary and provides cross sectoral and multi dimensional exploration of sustainable development and transportation in South Africa Drawing on work from different disciplines the book contributes not only to academia but also seeks to inform urban and regional policy with the view of contributing to the national aspirations of South Africa as espoused in the National Development Plan NDP 2030 National Spatial Development Framework NSDF Draft 2019 National Climate Change Adaptation Strategy NCASS Draft 2019 Green Transport Strategy for South Africa 2018 2050 and National Transportation Plan NATMAP 2050 Adopting a

multi dimensional assessment the book provides a background for co production concerning climate change sustainable development and transportation in the Global South The book contributes in its analysis of the institutional and legislative framework that relates to the climate change skills and knowledge transfer sustainable development and transportation in South Africa as these are responsible for the evolution of the green economy and transport sector in the country The connections among different sectors and issues such as environment transport modes technology innovation vehicle management and emission control skills and knowledge transfer legislative and policy framework and the wider objectives of the sustainable development goals SDGs especially goals 11 to 13 The success stories relating to climate change sustainable development and transportation in South Africa are identified together with the best possible practices that may inform better environmental urban and regional planning policy practice and management Applied Linguistics and Politics

Christian W. Chun,2022-02-24 In the current climate of extreme nationalism and fear mongering a new politics for a socially just world is needed more than ever Featuring internationally renowned scholars Applied Linguistics and Politics explores how innovative theories methodologies and pedagogies in applied linguistics can address the political challenges and issues arising in the 21st century Adopting a Gramscian theoretical framework the five parts of this volume focus on the various ways in which the political is discursively and materially realized in its dialogic co constructions within the media the economy culture and identity affect and education Examining the power instantiations of sociolinguistic and semiotic practices in society from a variety of critical perspectives this book questions how applied linguists can respond to and challenge current discourses of issues such as militarism nationalism Islamophobia sexism racism and the free market and suggests future directions for research Making use of a range of methodologies from discourse analysis sociolinguistics semiotics and political science Applied Linguistics and Politics demonstrates how linguistics can intervene in the political and help mobilize and organize for an economically and socially just society **Universities, Inclusive Development and**

Social Innovation Claes Brundenius,Bo Göransson,José Manoel Carvalho de Mello,2016-10-25 This book examines the ways in which universities can play a crucial role in inclusive development social innovation and social entrepreneurship It aims to prove the importance of inclusive development and inclusive innovation on economic growth and demonstrate the ways in which universities can be pioneers in this area through initiatives in social responsibility and social innovation For example providing access to a university education without discrimination of race gender income status or other factors would help to diminish the increasing income differentials currently being experienced in many countries especially in the developing world The research and studies included in this book provide insight into possible actions that can be taken by universities and public and private shareholders in inclusive development social innovation social entrepreneurship and overall regional economic and social development Innovation is currently considered to be the most important and dynamic factor explaining growth and development At the same time the traditional view considering innovation as having to be commercialized at any

price is being challenged Lately there has been growing interest in innovation in the public sector particularly with respect to social innovations designed to reduce income inequality To address these concepts constant exchange of ideas and information between research groups became necessary UniDev Universities in Development the Evolving Role of Academic Institutions in Innovation Systems and Development is an international research group with researchers in twelve countries interested in the role of universities in development This book features the results of research performed by eleven research groups from UniDev country communities presenting in depth and comparative case studies from universities around the world including Latin America Northern and Eastern Europe and sub Saharan Africa This title will be of interest to students academics researchers and policy makers interested in the role of universities in development social innovation and social entrepreneurship **Britannica Book of the Year** Franklin Henry Hooper,2016 *Funeral Culture* Casey

Golomski,2018-06-04 Contemporary forms of living and dying in Swaziland cannot be understood apart from the global HIV AIDS pandemic according to anthropologist Casey Golomski In Africa s last absolute monarchy the story of 15 years of global collaboration in treatment and intervention is also one of ordinary people facing the work of caring for the sick and dying and burying the dead Golomski s ethnography shows how AIDS posed challenging questions about the value of life culture and materiality to drive new forms and practices for funerals Many of these forms and practices newly catered funeral feasts an expanded market for life insurance and the kingdom s first crematorium are now conspicuous across the landscape and culturally disruptive in a highly traditionalist setting This powerful and original account details how these new matters of death dying and funerals have become entrenched in peoples everyday lives and become part of a quest to create dignity in the wake of a devastating epidemic Soil Degradation and Restoration in Africa Rattan Lal,B. A. Stewart,2019-07-09 Soil degradation is a widespread problem in Africa resulting in decreased agricultural productivity while demand for food continues to increase Degradation is caused by accelerated erosion acidification contamination depletion of soil organic matter and plant nutrients and salinization The major cause of soil degradation in Africa is uncontrolled and excessive grazing in the savanna regions followed by deforestation and the use of inappropriate and extractive farming practices Perpetual neglect of the health of soils in Africa can exacerbate the already serious problems of food and nutritional insecurity and environmental degradation Food and nutritional security of the growing population of Africa can only be achieved if degraded soils are restored and soils of agroecosystems are managed prudently and sustainably Ignoring soils and taking the fragile finite and precious soil resources for granted is the principal cause of poverty hunger and environmental degradation The downward spiral must be reversed through soil restoration measures based on translating science into action This book describes the soils of Africa processes of soil degradation extent and severity of soil degradation and the impacts of degradation processes on food and nutritional security Features Explores the extent and severity of soil degradation in Africa Analyzes the cause effect relationship between anthropogenic activities and soil degradation Reviews

processes of soil degradation in Africa including erosion salinization nutrient depletion and decline of soil organic matter Addresses the effect of climate change on soil degradation in Africa Explains how soil degradation causes food and nutritional insecurity Part of the Advances in Soil Sciences series this volume is specifically devoted to the processes and factors that cause soil degradation and the challenges and potential for remediation and restoration of soil health in Africa

Zonal Biomes of Southern Africa Ladislav Mucina, Michael C. Rutherford, 2024-09-28 This book is the first comprehensive account of large scale ecosystems biomes of Southern Africa defined as area south of the Kunene and Zambezi Rivers It addresses the diversity of biomes in one of the most biodiverse regions of the world comprising South Africa Namibia Botswana Zimbabwe southern part of Mozambique Eswatini and Lesotho It has adopted a novel hierarchical biome classification approach The biomes at four levels of complexity are identified described and mapped using modern GIS assisted mapping technology The structure of the book and its comprehensive nature makes this product of prime interest to teachers and students of all tertiary education levels as well as to scientists in the fields of ecology biodiversity science and bioclimatology It is poised to serve as a major reference book and handbook for the users in these scientific fields **Lion's Share** Veit Erlmann, 2022-10-28 In the aftermath of apartheid South Africa undertook an ambitious revision of its intellectual property system In Lion's Share Veit Erlmann traces the role of copyright law in this process and its impact on the South African music industry Although the South African government tied the reform to its postapartheid agenda of redistributive justice and a turn to a postindustrial knowledge economy Erlmann shows how the persistence of structural racism and Euro modernist conceptions of copyright threaten the viability of the reform project In case studies ranging from antipiracy police raids and the crafting of legislation to protect indigenous expressive practices to the landmark lawsuit against Disney for its appropriation of Solomon Linda's song Mbube for its hit The Lion Sleeps Tonight from The Lion King Erlmann follows the intricacies of musical copyright through the criminal justice system parliamentary committees and the offices of a music licensing and royalty organization Throughout he demonstrates how copyright law is inextricably entwined with race popular music postcolonial governance indigenous rights and the struggle to create a more equitable society
