Transformational Governance Beth Gazley,Katha Kissman,2015-07-02 There has never been so much pressure on nonprofit boards of directors to achieve a

level of accountability that meets public and stakeholder expectations. Member serving association boards may be especially challenged by their more complex affiliate structures and a greater emphasis on representative governance. But what does the journey to good governance look like? Markedly different from existing board development books, this modern approach focuses less on the behaviors and qualities of high performing boards and more on the stages and processes that directors and their staff used to transform their boards. Based on research funded by the ASA Foundation, the book fills a gap in the governance literature by emphasizing diagnosis and problem solving using the actual tools and activities implemented by 85 transformed associations. Combining the credibility of scholarly research with lively and compelling stories, tools and teachable moments, this book is designed to help associations and other nonprofit organizations achieve the entire journey to good governance from first to last steps.

Fundraising Basics: A Complete Guide Barbara L. The new expanded edition also provides much needed information on developing a case for support, giving trends, donor motivations, planning, setting up a development operation, impact of new technologies on fundraising, return on investment estimates, workflow, timetables, and the importance of the Internet. This primer remains a must-have for anyone new to the fundraising field, those wishing to expand their fundraising knowledge, those working in supporting foundations, or those contemplating taking the CFRE exam.
