Media Management Bernd W. Wirtz, 2020-09-11 Digitalization significantly changes the media To cope with this change and to exploit new market opportunities is a major challenge for media corporations Bernd Wirtz provides a valuable guideline for this new world combining theory facts and practice Dr Hubert Burda German publisher and Managing Corporate Partner of Hubert Burda Media Holding KG The media business is subject to substantial

change while differences between distinctive media areas are fading away This is due to technical innovation in areas like transmittance of content bearer of content and recording devices but also due to new formats trends and constant change of consumer behavior The textbook Media and Internet Management stays abreast of changes and covers this topic on a well founded and comprehensive basis It makes a valuable contribution to theory and practice in media management and is highly recommendable to media managers Christoph Mohn Chairman of the Supervisory Board Bertelsmann AG The world of media is full of challenges and dynamic conditions for its field The dynamic of this market is accelerated even more by new digital technologies and ongoing globalization This book is an absolute must have for everyone who wants to know more about the basics conditions and requirements of modern media management The analytical clearness and structure make this publication highly relevant for students but also for managers Urs Rohner Chairman of the Board of Directors Credit Suisse Group AG Media Management is a textbook but a very welcome newcomer for students and teachers as it fills a market gap for good educational material in this rapidly evolving field It is concise simple but not simplistic and contains a contemporary overview of concepts and tools for media managers Prof Dr Bozena I Mierzejewska Editor of The International Journal on Media Management Fordham University New York Summed up with his second edition Wirtz managed to strengthen the outstanding position of his publication Media Management His textbook shines because of its content analytical clearness and the high relevance for business practice without losing its academic background With the second edition this book has established its position in the field of media business as the leading standard reference book in Germany It is suitable for business students lectures as well as managers who can gain magnificent information from it Prof Dr Wolfgang Fritz Director of the Institute of Marketing Braunschweig University of Technology Germany Honorary Professor at the Institute of Business Administration University of Vienna Austria

The Paradoxes of Network Neutralities Russell A.

Newman, 2024-04-09 An argument that the movement for network neutrality was of a piece with its neoliberal environment solidifying the continued existence of a commercially driven internet Media reform activists rejoiced in 2015 when the FCC codified network neutrality approving a set of Open Internet rules that prohibited providers from favoring some content and applications over others only to have their hopes dashed two years later when the agency reversed itself In this book Russell Newman offers a unique perspective on these events arguing that the movement for network neutrality was of a piece with its neoliberal environment rather than counter to it perversely it served to solidify the continued existence of a commercially dominant internet and even emergent modes of surveillance and platform capitalism Going beyond the usual policy narrative of open versus closed networks or public interest versus corporate power Newman uses network neutrality as a lens through which to examine the ways that neoliberalism renews and reconstitutes itself the limits of particular forms of activism and the shaping of future regulatory processes and policies Newman explores the debate's roots in the 1990s movement for open access the transition to network neutrality battles in the 2000s and the terms in which these battles were fought By 2017 the

debate had become unmoored from its own origins and an emerging struggle against neoliberal sincerity points to a need to rethink activism surrounding media policy reform itself
