Alan Axelrod,2013-12-27 Mercenaries have been active in battle from the beginning of military history and as private armies and military support firms they are a major component of warfare today Security military advice training logistics support policing technological expertise intelligence transportation all are outsourced to a greater or lesser degree in the U S military However privatization is not a uniquely American phenomenon Countries as diverse as Saudi Arabia and Australia rely on privatization in one form or another Historically heads of state politicians and other administrators have justified use of mercenaries on the basis of their effectiveness and cost savings These reasons and others continue to serve as rationales for use of private military companies in military strategy Mercenaries A Guide to Private Armies and Private Military Companies provides a comprehensive survey and guide to mercenary forces entrepreneurs and corporations active on the international military scene today including a concise history of mercenaries and private armies on land sea and in the air Narrative chapters are amply supplemented by sidebars including biographies of major figures key statistics historical and current documents contracts and legislation on private armies and outsourced military services Each chapter includes a bibliography of books journal articles and web sites and a general bibliography concludes the entire work **Security**

Dynamics in The Gulf and The Arabian Peninsula Howard M. Hensel,2022-09-30 This book focuses on security dynamics in the contemporary Gulf and Arabian Peninsula It highlights the development of the Gulf and the Arabian Peninsula the contemporary challenges and opportunities confronting the principal powers that are active in this important sub region and analyzes and evaluates their policy responses The various perspectives of the chapters all suggest that the stability and security of the Gulf sub region is now and will continue in the future to be of vital importance to the global community The chapters that compose the volume are organized into three thematic sections Part I Security Challenges and Power Configurations in the Gulf and the Arabian Peninsula The Historical Context comprises three chapters Part II consisting of seven chapters is entitled Contemporary Security Challenges and Opportunities in the Gulf and the Arabian Peninsula Part III Contemporary National Interests Objectives and Strategies of the Major Powers in the Gulf and the Arabian Peninsula comprises five chapters Finally the volume ends with a concluding chapter Unfortunately the contemporary unstable heterogeneous Gulf sub region is fraught with extremely serious and often urgent challenges that threaten the sub region s

security This volume helps to illuminate the nature of the sub regional environment and the contemporary challenges and opportunities that confront the various powers that are active in the Gulf It also contributes to a greater understanding of the interests contemporary objectives and strategies of those powers as they formulate and implement policies in response to the challenges and opportunities that they confront This book will be of much interest to students of security studies Middle Eastern politics and International Relations A Critical Political Economy of the Middle East and North Africa Joel Beinin, Bassam Haddad, Sherene Seikaly, 2020-12-22 This book offers the first critical engagement with the political economy of the Middle East and North Africa Challenging conventional wisdom on the origins and contemporary dynamics of capitalism in the region these cutting edge essays demonstrate how critical political economy can illuminate both historical and contemporary dynamics of the region and contribute to wider political economy debates from the vantage point of the Middle East Leading scholars representing several disciplines contribute both thematic and country specific analyses Their writings critically examine major issues in political economy notably the mutual constitution of states markets and classes the co constitution of class race gender and other forms of identity varying modes of capital accumulation and the legal political and cultural forms of their regulation relations among local national and global forms of capital class and culture technopolitics the role of war in the constitution of states and classes and practices and cultures of domination and resistance Visit politicaleconomyproject.org for additional media and learning resources
