Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton,2018-01-31 Looking Glass Wars Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and television in the important period since 1960 From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len Deighton the espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films The study

also brings new attention to espionage on British television and popular secret agent series such as *Spy Trap* Quiller and *The Sandbaggers*. It also gives attention to the more realistic representation of spying in the film and television adaptations of *le Carr* and Deighton and other dramas with a more serious intent. In addition there is wholly original attention given to nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most notably the notorious Cambridge Spies. Detailed attention is also given to the secret state thriller a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service. The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War. The approach is empirical and historical. The study examines the production and reception literary and historical contexts of the films and dramas. It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films series and serials never previously considered. **School Library Journal**, 2010 **The Looking Glass Wars** Frank Beddor, 2006 When she is cast out of Wonderland by her evil Aunt Redd young Alyss Heart finds herself living in Victorian Oxford as Alice Liddell and struggles to keep memories of her kingdom intact until she can return and claim her rightful throne **The Publishers Weekly**, 2009 English Mechanic and Mirror of Science, 1912
