Creating Blogs with Jekyll Vikram Dhillon,2016-06-13 Learn to create your own blog using the Jekyll static site generator You ll start with a simple template add new features to it automate any maintenance attach social sharing and begin writing By the end of Creating Blogs with Jekyll you will be able to create custom blogs with Jekyll update the content with ease and reach out to your readers with minimal effort Because you ve built your blog yourself you ll know exactly how each component works and you won t be dependent on an admin panel to maintain it Creating Blogs with Jekyll equips you with the knowledge to create an elegantly designed blog and scale it to capture more readers Recapture the magic of writing by creating great content and use an easy workflow in Jekyll to maintain it for blogging Do new things and write about them in style with Jekyll Takes you through building a fully functional blog from scratch using Jekyll Provides a fun way to work on a side project and integrate cutting edge web technologies Teaches you how to update and maintain your awesome blog Jekyll is a simple secure and very low maintenance blog engine that converts naturally written content in markdown into a beautiful and minimal blog It allows you to focus on content creation and expressing yourself instead of spending all your time updating the plugins and maintaining the database Jekyll does not rely on a database as a backend so your blog will be far more secure and reliable than any traditional blogging engines such as WordPress We live in a day and age where short attention spans make it very difficult to expose a reader to interesting content What better way to capture a reader s attention and retain viewers by captivating them by your own unique style and taste Jekyll allows the content to shine with minimal distractions and a greater focus on the content and easy sharing of the content What You ll Learn Choose a base theme appropriate for your style and development Integrate

various web technologies that will work well together and enhance your blog Automate social sharing components and comments workflow Make adjustments to themes views and styles of blog posts Update any of the modular components of the blog and integrate new technologies Implement Jekyll and deploying static websites for future projects Who This Book Is For The developer who is ready to move beyond the complexities of maintaining a content management system by creating their own unique blog in their own style It s for the project manager tired of spending all their time editing their blog on the admin panel and updating the content management system Creating Blogs with Jekyll is an excellent choice for new developers to start blogging because of the simplicity of Jekyll s theming layer and writing workflow It s an excellent choice for the web developer wanting to build their blog from scratch and expand their knowledge of higher level web technologies

Android Fully Loaded Rob Huddleston, 2012-08-03 Fully loaded with the latest tricks and tips on your new Android Android smartphones are so hot they re soaring past iPhones on the sales charts And the second edition of this muscular little book is equally impressive it s packed with tips and tricks for getting the very most out of your latest generation Android device Start Facebooking and tweeting with your Android mobile scan barcodes to get pricing and product reviews download your favorite TV shows the book is positively bursting with practical and fun how tos Topics run the gamut from using speech recognition location based mapping and GPS to setting up your Android as a broadband modem and much more Helps you get the most out of your Android smartphone and related technology including Motorola Droid 2 Motorola Photon 4G HTC Thunderbolt LG Optimus 3D and HTC EVO 3D Shows you how to put a slew of stuff on your Android old movies TV shows music spreadsheets presentations Word documents and much more Covers all the basic features such as web browsing using Facebook and Twitter taking photos playing music and using e mail Offers dozens of high level tips and tricks such as using an Android as a broadband modem barcode scanning using the GPS and speech recognition You won t believe all that you can do with Android smartphones Get *Android Fully Loaded Second Edition* and don t miss a thing **Mail-Orders** Sunka Simon, 2002-03-21 While the advent and structure of electronic mail has been discussed in web caucuses newspapers hypertext theory and communication theory it has not yet been considered in conjunction with epistolary scenarios in film art and literature To address this gap *Mail Orders* explores the status of the epistolary form at the end of the twentieth century and its connections to feminist criticism literary theory and postmodernism One of the first works to consider electronic mail in relation to the history of epistolary fiction *Mail Orders* concerns itself with individual letters as well as fiction written in letter form and widens the debate on the often postulated death of letters by considering the epistolary connections between the eighteenth and twentieth centuries systems of communication and representation *Email and the Everyday* Esther Milne, 2024-07-02 An exploration of how email is experienced understood and materially structured as a practice spanning our everyday domestic and work lives Despite its many obituaries email is not dead As a global mode of business and personal communication email outstrips newer technologies of online interaction it is deeply embedded in our everyday lives

And yet perhaps because the ubiquity of email has obscured its study this is the first scholarly book devoted to email as a key historical social and commercial site of digital communication in our everyday lives In *Email and the Everyday* Esther Milne examines how email is experienced understood and materially structured as a practice spanning the domestic and institutional spaces of daily life Email experiences range from the routine and banal to the surprising and shocking Drawing on interviews and online surveys Milne focuses on both the material and the symbolic properties of email She maps the development of email as a technology and as an industry considers institutional uses of email including bureaucratic intensity of workplace email and the continuing vibrancy of email groups and examines what happens when private emails end up in public archives discussing the Enron email dataset and Hillary Clinton's infamous private server Finally Milne explores the creative possibilities of email connecting eighteenth century epistolary novels to contemporary email novels discussing the vernacular expression of ASCII art and mail art and examining email works by Carl Steadman Miranda July and others
