The symbols at right are to be used with the 1977 edition (1976 baseball season) of AABA baseball cards when playing the AABA Junior League Baseball Game.

Players are listed in the same order as they are on this year's top 40 chart, except that the additional (XFL) players are included as well. 12 players are omitted as such.

The abbreviations heading the respective columns at right are discussed as follows:

used as follows:	Q ₂ - numerical grade rating
Q ₁ - better characteristics	Q ₃ - total grade rating
Q ₂ - steel reinforcement ratio and	Q ₄ - net factor rating
section number	Q ₅ - base rating
Q ₃ - speed rating	Q ₆ - most-to-first rating
Q ₄ - arm rating	Q ₇ - numerical allowance rating
Q ₅ - tapered ball rating	
Q ₆ - bearing rating on wheels	

The proper notation of each of the above symbols is described within the game instructions. Some symbols, of course, apply only to certain games; others apply only to others.

An asterisk (*) following a pitcher's grade rating indicates it is actually a repeat rating. Some pitchers have separate ratings for starting and relieving.

NOTE: Some less player cards may have the notation "Black 2nd with leave empty only" at the bottom. This automatic deal following a walk DOES NOT APPLY when playing the Master Game. It is in effect only with the Basic game.
