Beginning with an overview of pediatric HIV epidemiology it traces the medical psychological and social dimensions of HIV
through the trajectory of childhood and youth It examines the latest research on a wide range of topics including treatment
adherence cultural legal and ethical issues and HIV stigma and its reduction Chapters offer expert recommendations for
clinicians working with children with HIV as well as researchers studying pediatric HIV In addition the book also discusses
daily concerns associated with pediatric HIV such as disease management coping access to services risk prevention and
health promotion Topics featured in this book include The impact of pediatric HIV on families Psychosocial considerations for
children and adolescents with HIV HIV prevention and intervention in the school setting HIV disclosure in pediatric
populations How to design effective evidence based HIV risk reduction programs for adolescents A Clinical Guide to Pediatric
HIV is a must have resource for researchers clinicians and graduate students in child and school psychology social work and
public health as well as pediatric medicine nursing epidemiology anthropology and other related disciplines **Facilities**
Management and Corporate Real Estate Management as Value Drivers Per Anker Jensen, Theo van der
Voordt, 2016-10-04 Facilities Management FM and Corporate Real Estate Management CREM are two closely related and
relatively new management disciplines with developing international professions and increasing academic attention Both
disciplines have from the outset a strong focus on controlling and reducing cost for real estate facilities and related services
In recent years there has been a change towards putting more focus on how FM CREM can add value to the organisation
This book is driven by the need to develop a widely accepted and easily applicable conceptual framework of adding value by
FM and CREM It presents the state of the art of theoretical knowledge and empirical evidence about the impact of buildings
and facilities on 12 value parameters and how to manage and measure these values The findings are connected to a new
Value Adding Management model The book is research based with a focus on guidance to practice It offers a
transdisciplinary approach integrating academic knowledge from a variety of different fields with practical experience It also
includes 12 interviews with practitioners shedding light as to how they manage adding value in practice This is a much

needed resource for practitioners researchers and teachers from the field of FM and CREM as well as students at both undergraduate and postgraduate level **Creating Digital Literacy Spaces for Multilingual Writers** Joel

Bloch, 2021-01-27 This book argues for the value of digital literacy in the multilingual writing classroom Against the background of huge changes in literacy practices prompted by online communication and a growing acceptance of a broader definition of academic literacy that encompasses multimodality the book examines the relationship between digital and print literacies and addresses the design of literacy spaces for multilingual classrooms The author critically evaluates the latest developments in the use of technology in multilingual writing spaces and focuses on the role of teachers in their design it also addresses areas that are not often discussed in relation to multilingual students from blogging to publishing and intellectual property The book will help teachers meet the challenges created by rapidly shifting technology as well as making an innovative contribution to research on multilingual writing classrooms
