Choreographing Discourses Mark Franko, 2018-12-07 Choreographing Discourses brings together essays originally

published by Mark Franko between 1996 and the contemporary moment Assembling these essays from international sometimes untranslated sources and curating their relationship to a rapidly changing field this Reader offers an important resource in the dynamic scholarly fields of Dance and Performance Studies What makes this volume especially appropriate for undergraduate and graduate teaching is its critical focus on twentieth and twenty first century dance artists and choreographers among these Oskar Schlemmer Merce Cunningham Kazuo Ohno William Forsythe Bill T Jones and Pina Bausch some of the most high profile European American and Japanese artists of the past century The volume s constellation of topics delves into controversies that are essential turning points in the field notably Still Here and Paris is Burning which illuminate the spine of the field while interlinking dance scholarship with performance theory film visual and public art The volume contains the first critical assessments of Franko s contribution to the field by Andr Lepecki and Gay Morris and an interview incorporating a biographical dimension to the development of Franko s work and its relation to his dance and choreography Ultimately this Reader encourages a wide scope of conversation and engagement opening up core questions in ethics embodiment and performativity

Modernism after the Ballets Russes Gabriela Minden, 2025-07-14 Serge Diaghilev s Ballets Russes holds a renowned position in the history of modernism across various arts The company s daring productions brought together leading artists working in diverse fields from Igor Stravinsky to Pablo Picasso from Bronislava Nijinska to Coco Chanel redefining the possibilities of artistic collaboration and shaping the trajectories of dance music fashion and the visual arts But what of the Ballets Russes s role in the text based theatre Despite the intrinsic link between dance and theatre as performance arts the company s contributions to dramatic literature and dramaturgy have remained surprisingly elusive This book establishes the Ballets Russes as a powerful force in the development of modernist theatre in Britain revealing how the company s avant garde repertoire inspired the creation of new composition strategies and performance techniques that privileged the immediacy of expression offered by the moving dancing body Modernism after the Ballets Russes examines the philosophical conditions of early twentieth century Britain s theatrical landscape marked by growing interest in Nietzschean interpretations of classical drama and Wagnerian notions of the Gesamtkunstwerk to illuminate the allure of the Ballets Russes s re centring of dance as the foundation of theatre art It shows that Diaghilev ballets provided new ways of thinking about the relationship between the literary and embodied aspects of dramatic performance fueling collaborations between eminent dramatists and theatre practitioners Harley Granville Barker J M Barrie Terence Gray and W H Auden and lesser known choreographers Cecil Sharp Tamara Karsavina Ninette de Valois and Rupert Doone Through the prism of the Ballets Russes this group of artists crafted distinctive new theatrical forms including a whimsical terpsichorean fantasia and a politically subversive poetic dramatic satire as well as new methods of staging Shakespearean comedy and Attic tragedy Together this book contends these literary and dramaturgical innovations represent a previously neglected strand of modernism one that saw the dramatic power of the moving body expand the

expressive resources of the period s theatrical arts
