speaking their language or accepting their source of authority. Based on the strategies described in the classic book of Christian apologetics, the Tactics Study Guide will take small groups deeper into how to artfully communicate the truths of Christianity and keep conversations moving forward in constructive ways. This study is highly interactive and includes extensive teachings and exercises such as Step by step tactic explanations, Real world scenarios and challenges, One on one breakout sessions, Written responses and personal reflections. The tactical approaches you will learn in this course will give you indispensable skills to help you engage others about your Christian beliefs and it may also deepen your own faith along the way. Together with the accompanying Tactics Video Study sold separately, this guide provides an easy to follow, well reasoned plan for mastering the art of maneuvering in conversations about Christian spirituality and ethics.

Christian Apologetics Alister E. McGrath, 2023-11-06. Provides an accessible overview of the theory and practice of Christian apologetics written by one of the leading experts in the field. Christian Apologetics is a compact yet comprehensive introduction to the theological discipline devoted to the intellectual defense of the truth of the Christian religion. Assuming no previous knowledge of Christian apologetics, this student friendly textbook clearly explains the major theoretical and practical aspects of the tradition while exploring its core themes, historical development and current debates. Using a non denominational approach, world renowned Christian scholar Alister E. McGrath engages the ideas of a wide range of representative apologists and explores the ways they have been applied throughout history and can still be used today. Concise, easy to digest chapters gradually build students knowledge and confidence, moving from basic definitions and concepts to more advanced theory and practical application. Throughout the text, the author engages a variety of cultural concerns about religious belief, illustrates the real life connection of apologetic studies and ministries in the Church, and offers clear explanations and vigorous defenses of the faith that students can adopt in their own writing and speaking. Introduces the art and science of explaining and commending the Christian faith. Presents approaches to apologetics that emphasize the positive appeal of Christianity to the imagination and emotions. Covers the major approaches to apologetics, identifies their strengths and weaknesses, and discusses their key representatives. Helps readers in ministry and outreach defend Christianity against misunderstandings and misrepresentations. Addresses the real world application of apologetics including role models, good practice and established wisdom. Features case studies of Christian apologists such as G. K. Chesterton, Dorothy L. Sayers, and Tim Keller. Includes study questions, activities, further reading lists, full references, and links to video and audio resources developed by the author. Designed to meet the needs of teachers looking for a clear and reliable introduction to the field.

Christian Apologetics: An Introduction is an excellent textbook for undergraduate and graduate apologetics courses in colleges and seminaries, as well as church courses and study groups across Christian denominations. McGrath judiciously mines the best apologetics from both the past and present while helpfully analyzing the task of apologetics and giving sage advice on how Christians may more effectively engage in the apologetic task. I heartily recommend this book.

Robert B. Stewart, Professor of

Philosophy and Theology New Orleans Baptist Theology Seminary Alister McGrath one of Christianity's leading scholars has written an apologetics textbook in the legacy of C S Lewis which integrates multiple disciplines and new developments The result is a masterful introduction that is destined to serve the church for many years to come Joshua Chatraw The Billy Graham Chair for Evangelism and Cultural Engagement Beeson Divinity School From the first time I heard Alister McGrath lecture as an undergraduate student I was gripped His unique ability to grapple with the most challenging and complex issues and communicate with clarity and wisdom is unsurpassed in our day In *Christian Apologetics An Introduction* he provides a comprehensive picture of Apologetic approaches with his classic combination of winsomeness and brilliance I believe it will prove to be another classic from McGrath Dr Amy Orr Ewing Honorary Lecturer School of Divinity University of Aberdeen There has long been a desperate need for a thorough and wide ranging introduction to Christian Apologetics not least as this branch of Christian thought and theology has become increasingly active and important in recent years Alister McGrath's *Christian Apologetics An Introduction* fills this gap brilliantly All in all this is a much needed and incredibly important book one that McGrath given his wide experience of writing and teaching in apologetics is almost uniquely qualified to write Dr Andy Bannister Adjunct Professor of Apologetics Wycliffe College University of Toronto [Apologetics Study Bible for Students-HCSB](#) Sean McDowell, Holman Bible Staff, 2010-02 Black brown cream imitation leather cover

The Layman's Manual on Christian Apologetics Brian G. Chilton, 2019-11-14 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors bloggers and stars from the entertainment industry The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith But how does one respond to these objections For the laity of the church this is especially difficult as many are left without the proper training to know how to answer these objections In *The Layman's Manual on Christian Apologetics* the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary In this book three major areas of apologetics are covered The first unit engages the nature of truth and what can be known The second unit deals with the existence of God and issues involving God's existence The last unit tackles historical objections to the resurrection of Jesus and early Christianity *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable *The Comprehensive Guide to Apologetics* Joseph M.
